Sociocultural Issues in Sport and Physical Activity Robert Pitter, David L. Andrews, Joshua I. Newman, 2022-02-21 Sociocultural Issues in Sport and Physical Activity explores the intersections between modern physical activity and society The text surpasses the scope of sociological texts that focus solely on sports covering a broad range of physical activities such as fitness dance weightlifting and others The authors emphasize the promotion of healthy individuals and a healthy body in the many movement settings where the body is active Sociocultural Issues in Sport and Physical Activity explores contemporary topics such as reducing disparities in education and income increasing socioeconomic diversity in communities the medicalization of fitness the rise of cosmetic fitness the

promotion of physical activity as a requirement for health and the globalization of the fitness industry The text includes the following features to enhance student engagement Chapter objectives help students achieve their learning goals Key points and terms to highlight important information throughout the text Active Bodies sidebars that offer context for concepts presented in the chapter and provide examples and applications Discussion questions that provide opportunities to reflect on chapter topics Part I of Sociocultural Issues in Sport and Physical Activity examines political educational media and economic institutions that influence the relationship between society and physical activity Part II explores how an individual's race gender social class and ability are interpreted through a social lens Part III of the text discusses the process of developing healthy populations as well as promoting public health and body positivity Sociocultural Issues in Sport and Physical Activity offers a cross cultural perspective of society health and the body in motion Readers will finish the text with a greater understanding of social theory applications in physical culture Sport and Modern Social Theorists Richard

Giulianotti, 2004-08-03 Sport and Modern Social Theorists is an innovative and exciting new collection The chapters are written by leading social analysts of sport from across the world and examine the contributions of major social theorists towards our critical understanding of modern sport Social theorists under critical examination include Marx Weber Durkheim Adorno Gramsci Habermas Merton C Wright Mills Goffman Giddens Elias Bourdieu and Foucault This book will appeal to students and scholars of sport studies cultural studies modern social theory and to social scientists generally **Power Played** Derek Silva, Liam Kennedy, 2022-10-01 This innovative collection convincingly argues that modern sport can be characterized by unequal and problematic power relations that are inextricably linked to issues of violence harm deviance and punishment On the one hand sport is a mainstay of community building an expression of solidarity and a means to mental and social health On the other there is the star player who commits sexual violence the trans athlete whose achievements are dismissed as fraudulent or the racist and abusive nationalism of the impassioned sports fan From drawing connections between head trauma and athletic violence to exploring the social meanings of sport in prison contributors to this volume reimagine sport as an important unit of analysis for critical criminologists Messages about crime violence and punishment in sport mirror broader relations of power that exist off the field Situated at the intersections of sport sporting culture and crime Power Played blows the whistle on the harm violence and exploitation embedded within **Sport and Physical**

Activity across the Lifespan Rylee A. Dionigi, Michael Gard, 2017-11-27 This edited collection problematizes trajectories of health promotion across the lifespan It provides a distinctive critical social science perspective of the various directions taken by dominant policies in their approach to promoting sport for all ages It offers an array of theoretical and methodologically diverse perspectives on this topic and highlights the intersections between different life stages and social economic and cultural factors in the developed world including class gender ability family dynamics and or race Sport and Physical Activity across the Lifespan critically explores dominant policies of age focussed sport promotion in order to highlight its implications

within the context of particular life stages as they intersect with social cultural and economic factors This includes an examination of organised sport for pre schoolers at risk youth sport programmes and the creation of sporting sub cultures within the mid life market This book will be of interest to those wanting to learning more about how age and life stages affect the way people think about and participate in sport and to better understand the impacts of sport across the lifespan
