appeared at the beginning of a decade marked by extensive advances in assessment in essentially all of its specialized areas. There are many new tests, new applications of established tests, and new test systems. Major revisions have appeared of established tests, notably the Wechsler intelligence scales. The time seemed right for a third edition since even over the relatively brief period of ten years many tests described in the second edition have been replaced and are no longer commonly used. Furthermore, much new research in such areas as neuropsychology, cognitive science, and psychopathology have made major impacts on how many tests and other assessment procedures are used and interpreted. This third edition represents an effort to give the reader an overview of the many new developments in assessment while still maintaining material on basic psychometric concepts in order for it to continue to serve as a comprehensive handbook for the student and professional.

Assessment and Adult Basic Education, 1990 **The ... Mental Measurements Yearbook**

Oscar Krisen Buros, 1985. Customers who place a standing order for the Tests in Print series or the Mental Measurements Yearbook series will receive a 10% discount on every volume. To place your standing order, please call 1 800 848 6224 in the U.S. or 919 966 7449 outside the U.S. The most widely acclaimed reference series in education and psychology, the Mental Measurements Yearbooks, are designed to assist professionals in selecting and using standardized tests. The series, initiated in 1938, provides factual information, critical reviews, and comprehensive bibliographic references on the construction, use, and validity of all tests published in English. The objectives of the Mental Measurements Yearbooks have remained essentially the same since the publication of the series. These objectives include provision to test users of factual information on all known tests published as separates in the English-speaking countries of the world; candidly critical test reviews written for the MMY series by qualified professional people representing a variety of viewpoints; unique publication of each volume in the MMY series with new volumes supplementing rather than supplanting previous series volumes. Each yearbook is a unique publication supplementing rather than supplanting the previous volumes. The ninth edition of this widely acclaimed reference work is the most comprehensive yearbook to date. It includes 1 409 commercially published tests, 19% more than in The Eighth Mental Measurements Yearbook; detailed descriptive information about each test; 1 266 original reviews, 41% more than in The Eighth Mental Measurements Yearbook; prepared by 660 well-qualified professional reviewers; and extensive references on specific tests, including those selected by Buros Institute staff and those selected by reviewers. The tests are listed in alphabetical order for easy reference. The volume also features a state-of-the-art essay on Mental Measurement, Some Emerging Trends, by Dr. Anne Anastasi, a leading figure in the field of measurement. Indexes to the volume are an Index of Titles with cross references and identification of new and revised tests; an Index of Acronyms; a Classified Subject Index; a Publisher's Directory and Index which includes publisher names and addresses and test listings by publisher; and an Index of Names; and an innovative Score Index which refers readers to tests featuring particular kinds of scores that are of interest to them. Widely regarded as the bible of testing, the Mental Measurements Yearbook is an indispensable reference work. The

Ninth Mental Measurements Yearbook continues and extends this proud tradition of excellence in providing service to test users **Assessment for Instructional Planning in Special Education** Naomi Zigmond, Ada Vallecorsa, Rita Silverman, 1983
