teachers Grades 6-12 individually or collectively as members of a professional learning community by pre-service teachers in a literacy course or by other educators working to support literacy in the classroom. Interdisciplinary discussions relate to all types or genres of reading and writing. This book offers practical lessons and ideas for teaching and motivating all learners using Universal Design for Learning principles. Formatting provides additional ideas for challenged students including students with special needs, accelerated learners, and English Language Learners and is aligned with Common Core State Standards for content subjects as well as for language arts. It takes ideas that were formerly reserved for the upper echelon of students in English language arts and reformulates teaching approaches to reach students across the learning spectrum and in all disciplines. All teachers need to be involved in raising the literacy bar, and this book provides activities and strategies for use in the classroom that can promote success for all learners.

Practice with Purpose Debbie Diller, 2023-10-10
 In her 30 years as an educator, Debbie Diller has closely examined classroom practice, asking, "Why? What's the purpose?" Watching primary students work successfully at literacy work stations, she wondered with teachers, "Why don't we have upper-grade students doing this? Could we kick it up a notch?" In her new book, Debbie shows teachers of grades three to six how to structure their classrooms so that all students can be successful doing meaningful independent work using literacy work stations. Practice with Purpose offers guidance on establishing routines for independent reading and response writing, as well as step-by-step instructions on how to set up and manage a variety of hands-on literacy work stations appropriate for intermediate students. Each chapter includes how to introduce the station, innovative ways to use materials, what to model to guarantee independence, how to troubleshoot, assessment and accountability ideas, how the station supports student achievement on state tests, reflection questions for professional development. The extensive appendix includes time-saving tools such as management board icons, graphic organizers, task cards, and recommended Web sites and children's literature.
