Advanced Level objectives prepare you for success on the NBRC's Pulmonary Function Technologist credentialing examinations and follow the content guidelines of the CPFT and RPFT exam matrices from the National Board for Respiratory Care. How To boxes provide step by step guidelines to performing pulmonary function tests taking the guesswork out of completing accurate and result producing tests. Case studies provide problem solving challenges for real life patient scenarios including each case history, PFT testing results, a technologist's comments and questions and answers, PFT Tips highlight and reinforce the most important pulmonary function testing information in every chapter. Convenient study features include key terms, chapter outlines, learning objectives, chapter summary points, suggested readings, a glossary and self assessment questions. Authoritative all in one resource eliminates the need to search for information in other sources. Criteria for acceptability and repeatability are included in each test section as well as interpretive strategies to help you adhere to recognized testing standards.
