Every Choice Matters Anne Hartley, 2013-06 Rarely does success or failure result from one choice or one lucky break but rather the quality of your life is determined by the multitude of small choices that you make on a regular basis To create a rich and meaningful life you need to honour your essential nature know what motivates and

challenges you and what your raw potential is If you choose to develop your raw potential and share your gifts with others you find your true purpose Who you are today is a result of the conscious and unconscious decisions you made about yourself up to now Who you will be tomorrow is still undecided Every time you act on a choice which empowers you you reinforce the belief that you can have what you want and your life begins to change It s not what happens to you that determines how you feel and what you can do or have It s the daily choices that you act upon This book is a practical map for making every day choices which determine the quality of your life The Dharma Bum's Guide to Western Literature Dean Sluyter,2022-03-29

HOW THE LITERATURE WE LOVE CONVEYS THE AWAKENING WE SEEK Suppose we could read Hemingway as haiku learn mindfulness from Virginia Woolf and liberation from Frederick Douglass see Dickinson and Whitman as buddhas of poetry and Huck Finn and Gatsby as seekers of the infinite discover enlightenment teachings in Macbeth The Catcher in the Rye Moby Dick and The Bluest Eye Some of us were lucky enough to have one passionate funny inspiring English teacher who helped us fall in love with books Add a lifetime of teaching Dharma authentic traditional approaches to meditation and awakening and you get award winning author Dean Sluyter With droll humor and irreverent wisdom he unpacks the Dharma of more than twenty major writers from William Blake to Dr Seuss inspiring readers to deepen their own spiritual life and see literature in a fresh new way as a path of awakening **A Voice of Reason** Sherry Petro-Surdell,2013-05 What you are about to read began in my heart and found its way to hand written words on 3 ring note book paper These thoughts that turn into the spoken word I call Reasonings The words were often spoken to a small group of seekers Churches often call them sermons or messages but I call them Reasonings in reference to a biblical passage in Isaiah 1 18 Come now and let us reason together saith the Lord This infers to me that it is a co creation experience I also appreciate the Rasta spiritual perspective that calls this co creation process Reasonings to understand or as Rastafarians say to overstand the ways of God Will the Real World Please Stand Up? John Stegmaier,2012-05-09 If we experience life in the present without guilt fear and especially without judgment of others and ourselves I believe that we will reach a critical mass of positive energy that will sweep the majority of this planet up in its light This is already happening Think about it If ignorant fear based destruction of life were more powerful than spirit based existence then our world would have destroyed itself several times over **Awakening from Anxiety** Connie L. Habash,2019-08-15 Use this spiritual guide to equip yourself with the tools needed to tear down anxiety and build inner peace Spiritual people often find that their own expectations of living a life dedicated to a higher power makes them more susceptible to high functioning anxiety Sometimes traditional relaxation techniques either do not work don t last or in some cases actually increase their anxiety Psychotherapist yoga teacher and interfaith minister Rev Connie L Habash has helped hundreds of spiritual people overcome fear and anxiety regain happiness and feel calmer In over twenty five years as a counselor helping spiritual people overcome anxiety Rev Connie has taught that it takes more than chanting mantras stretching or relaxation techniques to calm anxiety It requires a transformation in perception moment to

moment body awareness and a conscious response to thoughts and emotions Awakening from Anxiety provides valuable psycho spiritual tools to deepen spiritual awakening and calm fears Learn what anxiety is and when it becomes a problem Understand the six mistakes spiritual people make that increase anxiety Discover the seven keys to a more calm confident courageous life Know how to break through the old patterns of stress worry and fear into a new perception of your true self Explore spiritual principles and yoga philosophy to cultivate inner peace If you enjoyed Stop Anxiety from Stopping You and First We Make the Beast Beautiful Awakening from Anxiety will take your healing and renewal from anxiety to the next level A book I will recommend to many for both practical advice and spiritual insights for handling stress worry and anxiety Becca Anderson author of Prayers for Calm Unfinished Conversation Robert Lesoine, Marilynne Chophel, 2009-08-14 Unfinished Conversations is a story of profound grief and the journey to healing that followed Based on a journal Robert Lesoine kept during the two years following the suicide of his best friend Unfinished Conversations will help readers through the process of reflecting on and affirming the raw immediacy of survivors emotions Each short chapter focuses on a different aspect of the author s experience as he transforms his anger and guilt to understanding and forgiveness Licensed psychotherapist Marilynne Ch phel brings her professional background to Robert Lesoine s deeply personal story to create an accessible path to self directed healing based on mindful awareness and sound clinical practices Readers work through their own grieving and healing process with end of chapter exercises and activities An appendix and website unfinishedconversation.com provide additional resources to survivors The tools and techniques in Unfinished Conversations will help readers release past trauma honor their relationship with their lost loved one and find greater perspective meaning and well being in their lives **Moving Mountains** Raymont L. Anderson, 2012-05 In life everyone at some time or another will experience what is commonly referred to as problems Moving Mountains is a manual of sorts to assist people in the removal of life s problems This removal process occurs by first looking at some commonly held beliefs and ideas held by our society Secondly this removal occurs by realizing that a shift in perception is needed As the reader continues to read and walk through the journey laid out in the pages of the book the task of noticing and in time changing existing paradigms will become the number one mission This mission allows the reader to realize that the mountains in life problems challenges issues and traumas are blessings that can be used as stepping stones to greater awareness and increase one s ability to live a sacred life The book guides the reader through the process of personal transformation by challenging what is believed and what the reader feels is known with various ideas and concepts that the author has found over years of study to be of immeasurable value and use so that the mountains can be moved just as Jesus the Christ said in Matthew 17 20 if you have faith as small as a mustard seed you can say to this mountain Move from here to there and it will move Nothing will be impossible for you **American Veda** Philip Goldberg, 2013-05-14 A fascinating look at India s remarkable impact on Western culture this eye opening popular history shows how the ancient philosophy of Vedanta and the mind body methods

of Yoga have profoundly affected the worldview of millions of Americans and radically altered the religious landscape What exploded in the 1960s following the Beatles trip to India for an extended stay with their new guru Maharishi Mahesh Yogi actually began more than two hundred years earlier when the United States started importing knowledge as well as tangy spices and colorful fabrics from Asia The first translations of Hindu texts found their way into the libraries of John Adams and Ralph Waldo Emerson From there the ideas spread to Henry David Thoreau Walt Whitman and succeeding generations of receptive Americans who absorbed India's science of consciousness and wove it into the fabric of their lives Charismatic teachers like Swami Vivekananda and Paramahansa Yogananda came west in waves prompting leading intellectuals artists and scientists such as Aldous Huxley Joseph Campbell Allen Ginsberg J D Salinger John Coltrane Dean Ornish and Richard Alpert aka Ram Dass to adapt and disseminate what they learned from them The impact has been enormous enlarging our current understanding of the mind and body and dramatically changing how we view ourselves and our place in the cosmos Goldberg paints a compelling picture of this remarkable East to West transmission showing how it accelerated through the decades and eventually moved from the counterculture into our laboratories libraries and living rooms Now physicians and therapists routinely recommend meditation words like karma and mantra are part of our everyday vocabulary and Yoga studios are as ubiquitous as Starbucks The insights of India's sages permeate so much of what we think believe and do that they have redefined the meaning of life for millions of Americans and continue to do so every day Rich in detail and expansive in scope American Veda shows how we have come to accept and live by the central teaching of Vedic wisdom Truth is one the wise call it by many names
