Each area is considered through a theoretical framework followed by two empirical studies raising questions of importance to all language teachers: How can one test literary competence? Can intercultural competence be measured? What about the integrated assessment of content and language in CLIL and teaching? Is progress in autonomous learning skill gaugeable? The book constitutes essential reading for anyone interested in the testing and assessment of seemingly largely untestable aspects of foreign language competence *Spoken English 3'* 2003 Ed. , **Communication and Student Socialization** Ann Q.
