The American Vision of Robert Penn Warren William Bedford Clark, 2021-12-14 In 1976 the bicentennial year Robert Penn Warren told Bill Moyers that he was in love with America but his love for the nation was more often than not troubled and angry Warren once remarked that any intelligent person is inclined to criticize his country more strongly than he will criticize anything else And he should It s a way of criticizing himself too Trying to live more intelligently and more fully In The American Vision of Robert Penn Warren a noted Warren scholar traces the evolution of our first poet laureate s distinctive stance toward the American experiment in democracy showing how Warren sought to balance off the claims of self and society in the New World This book surveys the full six decades of Warren s career combining close reading with a historian s eye for social and political context While pointedly avoiding the reductive pitfalls of the new historicism Clark documents the informing role the Great Depression played in shaping Warren s attitudes toward art and politics and he demonstrates the necessity of regarding Warren s major achievements in fiction and verse as forms of public speech Read in this light Warren s vision offers a set of possibilities for renegotiating America s covenant with its Founders on new and pragmatic terms Based solidly on the best previous commentary on Warren and his work Clark s study represents a new approach to its subject and incorporates insights and information garnered from the Warren Papers at Yale A wide ranging account of the interplay between an author s imagination and contemporary history this book should prove of interest to all students of American culture especially those concerned with the interrelationships of literature politics and ideology Written in a lively and direct style it will appeal to specialists and general readers alike

America'S Vision Vs. God'S Standard of Justice Walt Thrun, 2015-09-28 This book examines Gods standard of righteousness and justice as revealed to the nation of Israel and then compares those standards with Americas progressive vision It discusses this nations three major branches of governmenti e executive legislative and judicial relative to Americas perception of national authority

and justice It also considers specific contemporary domestic economic and foreign policy issues to determine if Americas priorities compare with Gods revealed standards A major Scripture reference will be Now all these things happened to them Israelites as examples and they were written for our admonition upon whom the ends of the ages have come 1 Corinthians 10 11 A comprehensive chapter on the Middle East entitled The Fertile Crescent Geographic Center of Prophecy presents biblical evidence that this age will end where it all began The study also offers in this context a unique perspective on the final world kingdom based on both biblical prophecy and Islamic literature More than five hundred Scripture passages containing more than one thousand verses are referenced and quoted from twenty six books of the Old Testament and twenty four books of the New Testament This book is ideally suited for group Bible studies in addition to enhancing individual understanding of the requirements for national success based on biblical teachings **Vision Aids in America** Kerry Segrave,2014-01-10 This text examines the eyewear industry in America from 1900 to 2008 a period which mirrors an increased demand for eyewear Eyeglasses sunglasses and contacts are discussed Topics covered include the marketing and selling of eyewear with particular attention paid to advertising strategies and the internal structures of the industry and its regulations which have sometimes helped and sometimes hurt consumers This critical examination reveals how a relatively simple and functional item such as corrective eyewear could be transformed through marketing into a fashion accessory and a personal statement **The Theological Vision of Reinhold Niebuhr's "The Irony of American History"** Scott R. Erwin,2013-06-13 Reinhold Niebuhr remains at the center of a national conversation about Americas role in the world and commentators with divergent political and religious positions look to his 1952 work The Irony of American History in support of their views In this study Scott R Erwin argues that an appreciation of Niebuhrs theological vision is necessary for understanding the full measure of Irony and his perspective on life more broadly Such a study is important because many individuals reading Irony today fail to acknowledge the central role that his Christian beliefs played in his writings Niebuhr described his theological vision as being in the battle and above it and it was this perspective that led Niebuhr in Irony to assert that America must both take morally hazardous action in combating the aggression of the Soviet Union and engage in critical self evaluation to prevent the country from assuming the most odious traits of its Cold War foe Niebuhr developed his theological vision over the course of the 1930s and 1940s through engagement with Christian doctrine as most readily seen in his academic works such as The Nature and Destiny of Man and with current events as seen in his many journalistic writings during this period By focusing primarily on Niebuhrs writings between 1931 and 1952 Erwin traces the development of his Christian interpretation of human nature and history establishes how it informed his theological vision and reveals how that theological vision underlies his writings on current affairs A 2020 Vision for Food, Agriculture, and the Environment in Latin America James L. American Government and the Vision of the Democrats Mark Louis Latour, 2007-04-26 This work is a comprehensive introduction to the most important issues facing American citizens and their government It addresses various interpretations of the proper role of government with a view towards the Democrats re working of such

integral issues as States rights Societal affluence and social needs Campaign finance reform Media Consolidation America s climbing debt ceiling China s military and political expansion Manufacturing s decline Job outsourcing The disappearance of pension plans The whittling away of America s middle class America s inadequate health care system Environmental degradation America s vanishing family farms *Educational Review* Nicholas Murray Butler, Frank Pierrepont Graves, 1919 Vols 19-34 include Bibliography of education for 1899-1906 compiled by James I Wyer and others *Conversions and Visions in the Writings of African-American Women* Kimberly Rae Connor, 1994 The subsequent achievement of selfhood is then based on the interplay of individual and community identities Connor suggests that the distinctiveness of African American women s experiences and writings can transcend their immediate communities and be brought to bear on women s experiences in general making their individual stories more accessible and meaningful to the whole of humankind Vision, 1908 **American Vision** Raymond Carney, 1986-10-31 Professor Carney analyses Frank Capra s life as well as the broad cultural context of his films **Visions of Progress** Doug Rossinow, 2009-11-19 Rossinow revisits the period between the 1880s and the 1940s when reformers and radicals worked together along a middle path between the revolutionary left and establishment liberalism He takes the story up to the present showing how the progressive connection was lost and explaining the consequences that followed Early Visions and Representations of America M. Carmen Gomez-Galisteo, 2012-11-22 When the Europeans first arrived in America they had a number of preconceptions prejudices expectations and hopes about what life in the New World would be like This book examines the different visions and representations of America conveyed in the writings of Spanish conquistador lvar N ez Cabeza de Vaca and the Pilgrim leader William Bradford taking both writers within their respective literary and historical contexts Anthologies of American literature have consistently ignored Spanish language achievements on the grounds of a restrictive interpretation of American literature based on linguistic boundaries Consequently Spanish language texts such as Cabeza de Vaca s or the account by the Hidalgo de Elvas to name but two examples have been marginalized in the narrative of American literary history In seeking to redress this neglect Galisteo contributes to scholarship which seeks to analyze Early America as a whole including not only Anglo American perspectives but also the Spanish American aspect of the colonization process
 Defining NASA's Mission and America's Vision for the Future of Space Exploration United States. Congress. House. Committee on Government Reform and Oversight. Subcommittee on National Security, International Affairs, and Criminal Justice, 1998 **Apocalyptic Postmodern Vision in the Select Novels of John Updike** Dr. Zhao Yang, Ms. Long Na, 2023-01-06 John Updike s vision of life and American society is apocalyptic as he wrote novels to depict the present dilemmas of the Americans and the future challenges of the country and the global world He was also confronted with the riddle of life and existence like Dostoevsky and with a view to find the answers to the mysteries of life and truth he turned to Kierkegaard and Karl Barth who had evolved the dialectical method to explore reality and truth Barth s dialectical method

was derived from Kierkegaard who believed that truth is not found in the operation of Hegel's method of thesis and anti-thesis but rather in the dialectical tension between truth and truth Kierkegaard wrote Every truth is truth only to a certain degree when it goes beyond the counter point appears and it becomes untruth Kierkegaard Word of God and Word of Man 206 John Updike stated that the purpose of his writing novels and stories is to examine everything for God's fingerprints In the 1960s when he started writing his name was associated with other writers such as John Barth Robert Coover and Thomas Pynchon busy in experimenting new themes and strategies Updike ignored the main stream of contemporary fiction and distanced himself from the contemporary writers His mission was to write a new kind of fiction to create a new kind of world to depict the new future of mankind the way Karl Marx had done **Visions of Joseph Smith the Seer.
