Federal Design Matters ,1974 **Women in Scandinavian Landscape Architecture** Svava Riesto,Henriette Steiner,2024-12-02 Women were active in landscape architecture in Scandinavia throughout the twentieth century yet little

is known about their contribution This volume therefore asks where are the women in Scandinavian landscape architecture It thus presents new knowledge about women s contributions to the shaping of modern cities and landscapes in the Scandinavian welfare states With chapters by some of the most respected architectural and landscape architectural historians as well as up and coming scholars and practice based artistic researchers the book make three major contributions First it asks the previously neglected question of women s contributions to twntieth century landscape architecture in Denmark Sweden and Norway Second it does so from a transnational perspective bringing together researchers from Scandinavia and Finland Third it documents how collaborative formats for knowledge creation can generate new insights and fruitful links between researchers and research materials The book brings to light new knowledge and new forms of architectural historical work on the contributions of many women landscape architects to designed open spaces

Visualizing Landscape Architecture Elke Mertens,2009-10-16 We don t sell gardens we sell images of gardens This observation on the part of a landscape architect makes it clear just how important it is that a design be effectively communicated to the community clients and the public Drawings models simulations and films communicate the designers proposed ideas and solutions but they also convey their attitude toward the use of nature and the environment With myriad possibilities including computer programs as well as hand drawings and models which continue to be widely used and strong competition in the field there is now a huge variety of visual representations with agreed upon rules but also a great deal of freedom In three large sections this books sifts through the currently commonplace and available techniques and evaluates them in terms of their informative value and persuasive power always illustrating its points with analysis of examples from international firms An introductory look at the development thus far is followed by a systematic presentation of modes of representation in two three and four dimensions in the plane in space and in the temporal process The second section deals with the sequence within the workflow from the initial sketch through concept and implementation planning all the way to the finished product The third section deals with the strategic use of visualizations in the context of competitions future schemes and large scale landscape planning The focus in this section is not on the familiar use of the relevant techniques but rather on the methods and forms of visual representation in contemporary landscape architecture **Representing**
