2. Standards Addressed by SLO: List the standards that align with current Common Core State Standards, International, national, state, local or industry-recognized standards. Please list a summary of the standards or the full standards rather than simply the standard heading (e.g., MC 9-12.5.1.2).			
Core Learning goal: MC 9-12.5.1.2 The student will demonstrate that the arrangement and number of electrons and the properties of elements repeat in a periodic manner illustrated by their arrangement in the periodic table. Assessment focus: groups/families and periods/series (groups 1-18; Alkali Metals, Alkaline Earth Metals, Transition Metals, halogens, Noble Gases; Periods 1-7; Lanthanide Series, Actinide Series) For the following assessment focus, use only elements in groups 1, 2, & 13-18. Note trends behavior (valence electrons; atomic radius; ionization energy; relative chemical reactivity; metallic/nonmetallic properties)			
3. Assessment: Provide the name of the assessment being used to measure the student learning target. Provide the rationale if the assessment is not selected from the list in the SLO guidebook. If the assessment is teacher created, describe and submit the assessment and explain how it was developed and how it will be scored. For guidance, refer to the SLO guidebook.			
Chemistry Course Pre-test – This is the test that was developed by Margenhofer Chemistry teachers, during collaborative planning, from the Citywide CCC assessments with standards for the entire course. Unit Pre-test and Unit Post-test – These assessments were designed by Margenhofer Chemistry teachers, during collaborative planning, to be used as a department-wide assessment protocol. See attachment Appendix 2			
4. Baseline Data: Include what you know about the targeted students' performance/initial achievement levels at the beginning of the year/semester, as well as any additional student data or background information used in setting the target. The student roster and relevant baseline data may be copied into this section or attached to the template.

Evaluating Student Learning Outcomes in Counselor Education

Casey A. Barrio Minton, Donna M. Gibson, Carrie A. Wachter Morris, 2016-04-14 This timely text describes the role of program evaluation in counselor education and provides step by step guidance for faculty seeking to develop comprehensive Student Learning Outcome SLO evaluation plans to meet accountability expectations It serves as a blueprint for demystifying the SLO process and making the switch from an input based measure of productivity that focuses on what counseling programs do to an outcome based approach that concentrates on the quality of learning through evidence based assessment of students knowledge and skills The first and second parts of the book lay the foundation for the SLO process and provide practical guidance for identifying and developing direct and indirect measures of student learning Part III offers strategies for creating measures collecting managing and reporting student data and using data to ensure competence In Part IV counselor educators across the country offer hands on application through a wide variety of SLO activities and rubrics linked to each of the curricular and specialty areas of the 2016 CACREP Standards Requests for digital versions from the ACA can be found on wiley.com To request print copies please visit the ACA website [here](http://aca.org) Reproduction requests for material from books published by ACA should be directed to permissions@counseling.org

Student Learning at Scale Keston H. Fulcher, Caroline Prendergast, 2023-07-03 This book is a step by step guide for improving student learning in higher education The authors argue that a fundamental obstacle to improvement is that higher educators administrators and assessment professionals do not know how to improve student learning at scale By this they mean improvement efforts that span an entire program affecting all affiliated students The authors found that faculty and administrators particularly struggle to conceptualize and implement multi section multi course improvement efforts It is unsurprising that ambitious wide reaching improvement efforts like these would pose difficulty in their organization and implementation This is precisely the problem the authors address The book provides practical strategies for learning improvement enabling faculty to collaborate and integrating leadership social dynamics curriculum pedagogy assessment and faculty development In Chapter 2 the authors tell a program level improvement story from the perspective of a faculty member Chapter 3 inverts Chapter 2 Beginning from the re assess stage the authors work their way back to the individual faculty member first pondering whether she can do something to impact students skills They peel back each layer of the process and imagine how learning improvement efforts might be thwarted at each stage Chapters 4 through 9 dig deeper into the learning improvement steps introduced in Chapters 2 and 3 Each chapter provides strategies to help higher educators climb each step successfully Chapter 10 paints a picture of what higher education could look like in 2041 if learning improvement were embraced And finally Chapter 11 describes what you can do to support the movement
