Joe Kennedy has more than twenty years of experience in operating and working with hundreds of small businesses, a degree in finance and an MBA. He knows how entrepreneurs think and their drive to get to the essence of an issue, make the right decision and quickly move on. Impatient business owners will prefer this book since only the most relevant information is provided. A few bigger books are out there, but this one is not puffed out with clutter and other information you already knew. With years of experience in the IT industry, Joe knows a lot about the Internet too, so the content here is better than web-based searches.
