**Indian Icon: A Cult Called Royal Enfield** Amrit Raj, 2024-03 About the Book THE BUSINESS HISTORY OF THE CULT BRAND CALLED ROYAL ENFIELD Royal Enfield More than just the brand name of a legendary bike Few brands inspire the kind of devotion that an Enfield does Its distinctive look and feel the sound of its engine and the image

that it creates of its rider have all contributed to putting the brand on the kind of pedestal that others could only dream of. From the beginning of the brand's journey in India in the early 1950s the Enfield bikes have had quite a ride. Initial success and acceptance notwithstanding by the 1980s the brand was considered an underachiever and a basket case. Enter Vikram Lal of Eicher. In 1990 Lal's enthusiasm for the brand gave it a new lease of life. Later his son Siddhartha's time at the helm saw marketing product and vision all come together to catapult the bike to iconic status. In the past few years Enfield has come to represent successful business turnarounds even as its bikes have found newer and newer converts. Indian Icon: A Cult Called Royal Enfield by former Mint journalist Amrit Raj maps the trail-blazing story of the brand, the company and most of all the individuals who have made it what it is. It is also the story of the clash of the old guard with the new leading to dramatic changes in the business. In a first, the book bares the behind-the-scenes takeover dramas and the bare-knuckled battle to create a premium homegrown consumer brand for the global markets. Extensively researched and expertly narrated, the book takes you to the heart of the Royal Enfield story. A worthy addition to the shelf of both business readers as well as Royal Enfield aficionados.

MARKETING TURNAROUNDS: A Guide to Surviving Downturns and Rediscovering Growth. Knowledge of the intricate dynamics of marketing turnarounds is a fundamental requirement for business survival and growth today. The intense desire to survive in a slow market and find new avenues for growth has become a pressing goal for companies. The objective of this book is to enable the pursuit of this goal by providing a guide for managers on various marketing approaches that can lead to growth and profitability. The science of marketing turnarounds is based on an accurate understanding of how consumers respond to their changing environment. This book provides such an understanding by developing a framework of the various approaches to successfully executing marketing turnarounds. The framework and tools discussed not only enable managers to combat sales and profitability downturns but also guide them in their aggressive pursuit of innovative ways to further nurture their businesses in stable and growing markets. Marketing Turnarounds is a step-by-step guide to stop the bleeding and reposition your company for profits. Whether it's due to the economy or management blunders, this book will help you decide if a company or brand can be salvaged, how to cut costs without hurting sales, how to reposition the company or brand to take advantage of consumer and environmental trends, how to price and how to promote even in a bad economy. I strongly recommend this book for any company whose profits have started pointing south. I also recommend it for would-be entrepreneurs; reading this will help you avoid some of the mistakes you would otherwise make.
