Kristi Brown-Montesano

Smart Women Foolish Choices:

Smart Women Foolish Choices Connell Cowan, Melvyn Kinder, 1986-03-04 **Smart Women Foolish Choices** Connell Cowan, Melvyn Kinder, 1986 Smart Women, Foolish Choices Cowan, Kinder, 1993-11-01 **Smart Women, Foolish Choices** Shawati (Sharifah), 2019 *New Millennial Sexstyles* Carol Siegel, 2000

New Millennial Sexstyles questions the twin feminist orthodoxies that the 1960s sexual revolution failed women and that the sexual attitudes most prominent in current youth cultures are deplorably regressive. Comparing the American sexscape she inhabits to the vision of contemporary culture produced by feminist theorists, Carol Siegel considers whether the sexual revolution may have succeeded but in ways not recognized by current academic studies of gender and sexuality. In discouraging undomesticated heterosexuality, academic feminism ignores the connection between mainstream opposition to all unrestrained sexual expression and the growth of new forms of homophobia in our times. At the same time, the youth subcultures' challenges to these views of sexuality and gender have been dismissed as insignificant or misunderstood as sexist. In this book, they receive more respectful attention. Siegel draws on her own experience as a college student to create a personal history of academic feminism's early sympathy with bourgeois values. She looks at the development of American sex advice literature and at the reception of such transgressive popular films as *Basic Instinct*, *Thelma and Louise*, and *Natural Born Killers* to demonstrate that the most profoundly capitalist feminist theories have always been the most culturally authoritative. A more encouraging vision emerges in the book's second half, where a record of conversations about sex and gender with young people and of their responses to products designed for their consumption takes the reader through some of today's most radical youth cultures and suggests new directions for gender studies.

Confessing Excess Carole Spitzack, 1990-07-05

Looking at the discourse on female weight reduction in American culture, *Confessing Excess* analyzes contemporary dieting and the weight loss literature by taking up the themes of confession and surveillance. Spitzack argues that dieting is characterized by confession of excess, which women internalize and which necessitates ongoing surveillance or monitoring of the body. Informal conversations and in-depth interviews also juxtapose women's everyday dieting experiences with the discourse of dieting texts. By evaluating the cultural construction of women in this manner, the author illuminates the power strategies that offer self-acceptance at the price of self-condemnation.

Milquetoasts Patricia McDaniel, 2003-11 Since World War II Americans attitudes towards shyness have changed The women s movement and the sexual revolution raised questions about communication self expression intimacy and personality leading to new concerns about shyness At the same time the growth of psychotherapy and the mental health industry brought shyness to the attention of professionals who began to regard it as an illness in need of a cure But what is shyness How is it related to gender race and class identities And what does its stigmatization say about our culture In *Shrinking Violets* and *Caspar* Milquetoasts Patricia McDaniel tells the story of shyness Using popular self help books and magazine articles she shows how prevailing attitudes toward shyness frequently work to disempower women She draws on evidence as diverse as 1950s views of shyness as a womanly virtue to contemporary views of shyness as a barrier to intimacy to highlight how cultural standards governing shyness reproduce and maintain power differences between and among women and men
