Ideal for both businesses and individual use, it simplifies complex information into digestible formats.

Available in MS Word

Snagit Quick Reference Guide

Michael D. Hayslip

A red circular graphic with a gradient, appearing as a stylized arrow or a partial circle, located to the right of the author's name.

Snagit Quick Reference Guide:

Experts' Guide to Snagit 2021 Jeremy P. Jones, 2021-10-22 Snagit is an excellent screen capture utility for macOS and Windows with many advanced features. It goes far beyond the typical functionality offered in screenshot utilities with several useful editing and annotation tools including Cut out a part of the image horizontally or vertically including adding elegant border effects. Stitch together an image from a long scrolling document such as a tall web page or spreadsheet. Move or delete any part of an image using a smart tool that seamlessly auto fills the background color. Extract or even modify the text in an image. Combine multiple images into a graphical handout using pre defined templates and simple drag and drop. Share your edited screenshots in one click and video captures to pre configured destinations like a specific Dropbox folder, Google Drive etc. This book covers many advanced tips for working efficiently in Snagit from capturing to editing images to staying organized and using templates.

Up and Running with AutoCAD 2011 Elliot J. Gindis, 2010-09-22 Up and Running with AutoCAD 2011 2D and 3D Drawing and Modeling provides an introduction to the fundamental concepts of AutoCAD. These concepts have been distilled down to basic easy to understand explanations for the benefit of beginner students. Each chapter explains the new concept or command and why it is important. Readers are given the chance to apply just learned knowledge to a real life exercise drawing or model. They can also test their knowledge with end of chapter quizzes and drawing exercises. The book is organized into three parts: Level 1, Level 2, and Level 3. Level 1 offers a wide breadth of knowledge on many topics. Its chapters comprise the complete essential knowledge set of an intermediate user. Students can then work on if not necessarily set up and manage moderate to complex drawings. Level 2 is meant for advanced users who are CAD managers, full time AutoCAD draftspersons, architects, or self employed and must do everything themselves. The goal here is depth and several features not deemed critically important in Level 1 are revisited to explore additional advanced options. Also introduced are advanced topics necessary to set up and manage complex drawings. Level 3 is all about 3D. Solid knowledge of the previous two levels is highly recommended before starting these chapters. The 3D material covers all aspects of AutoCAD solid modeling including lights and rendering. Strips away complexities both real and perceived and reduces AutoCAD to easy to understand basic concepts. Teaches only what is essential to operating AutoCAD first thereby immediately building student confidence. All basic commands are documented step by step meaning that what the student needs to type in and how AutoCAD responds is all spelled out in discrete and clear steps with screen shots added as needed. Using the author's extensive multi industry knowledge of what is important and widely used in practice versus what is not, the material is presented by immediately immersing the student in practical, critically essential knowledge with no padding of text or filler material. All concepts are explained first in theory and only then is AutoCAD introduced and the actual button pushing discussed. This is one of the key concepts in having students understand exactly what it is they are doing and why before they do it.

Create Income through Self-Publishing Simon Marlow, PhD, 2017-03-01 Fully revised and updated March 2017

What this book is NOT Get Rich Quick Instant Success Shortcut to Internet Millions and the rest of the internet hype What this book does is show you how to expand your book profitability by learning to publish on many platforms to create independent streams of income Your success is in your hands however I can show you how to streamline your success and open other avenues for you to explore No long videos no crappy bonuses that waste time just focused simple to follow process to get your book in front of many people s eyes Despite what anyone tells you it takes time and money to build a business no matter what However you can optimize both by reducing operational costs whilst optimizing your time spent if you know what you need to focus on to get your own publishing business profitable In this book I explain an easy to follow process that allows you to gain access to a myriad of advertising possibilities whilst focusing you on only the tools you need to make your own book outstanding from text to images to video Master the art of successfully integrating these three components with simple direct website marketing techniques will propel you even beyond the so called marketing gurus Add to that fast focused video marketing the results are truly remarkable So don t waste your time on spot solutions go for the achievable goal of a streamlined efficient method of book publishing keeping everything that is critical to your business within your control Create Income through Publishing An Author s Approach on Generating Wealth by Self Publishing
