A Weekly Paper , 1877 *The Bloomsbury Handbook of Modern Chinese Literature in Translation* Cosima Bruno, Lucas Klein, Chris Song, 2023-10-19

Offering the first systematic overview of modern and contemporary Chinese literature from a translation studies perspective this handbook provides students researchers and teachers with a context in which to read and appreciate the effects of linguistic and cultural transfer in Chinese literary works Translation matters It always has of course but more so when we want to reap the benefits of intercultural communication In many universities Chinese literature in English translation is taught as if it had been written in English As a result students submit what they read to their own cultural expectations they do not read in translation and do not attend to the protocols of knowing engagements and contestations that bind literature and society to each other The Bloomsbury Handbook of Modern Chinese Literature in Translation squarely addresses this pedagogical lack Organised in a tripartite structure around considerations of textual social and large scale spatial and historical circumstances its thirty plus essays each deal with a theme of translation studies as emerged from the translation of one or more Chinese literary works In doing so it offers new tools for reading and appreciating modern and contemporary Chinese literature in the global context of its translation offering in depth studies about eminent Chinese authors and their literary masterpieces in translation The first of its kind this book is essential reading for anyone studying or researching Chinese literature in translation Teaching and Transformation in Popular Confucian Literature of the Late Qing Katherine L Alexander, 2025-08-05 The Taiping Civil War 1851 1864 was one of the most destructive wars in Chinese history with the death toll estimated between twenty and thirty million What visions did survivors have for restoring their fractured society once the war ended Katherine L Alexander s Teaching and Transformation in Popular Confucian Literature of the Late Qing approaches these questions through literature by examining the works of evangelical Confucian teacher Yu Zhi 1809 1874 who gave a voice to the zealous side of conservative Confucian reform efforts before during and after the Taiping War His works offer radical visions of a world that could be restored through collective effort and goodness while also revealing the shifting nature of power and the cracks in Qing society Yu s works complicate the picture of socio moral reform particularly the Confucian mission of jiaohua teaching and transformation Though he viewed the disasters of the late Qing as the natural consequence of jiaohua s failure to compete against socially disruptive media such as vernacular fiction and theatrical productions he also wanted reformers to engage closely with these genres Yu became a vocal advocate of teaching with moral vernacular literature that he believed met commoners at their level He emphasized the hope that by writing printing and performing such texts every member of his audience could be transformed into teachers themselves restoring society from the bottom up **Ghosts and Religious Life in Early China** Mu-Chou Poo, 2022-01-27 For modern people ghost
