RAF Canberra Units of the Cold War Andrew Brookes,2014-06-20 A detailed history of the Canberra which saw considerable service as a photo reconnaissance platform for no fewer than 19 squadrons from the early 1950s through to 2006 From its first public demonstration at the Farnborough Airshow of 1949 the English Electric Canberra bomber captured the attention of the aviation world It could outmanoeuvre all the fighters of the time and it could climb way above their operating ceilings Yet this Cold War equivalent of the Mosquito was simple to maintain and a delight to fly although it could bite any pilot who did not treat it with respect The Canberra B 2 first flew on 21 April 1950 and entered frontline service with No 101 Sqn in May 1951 In a testament to the aircraft's benign handling characteristics the transition programme consisted of only 20 hours in the Gloster Meteor and three hours in the dual control Canberra trainer With a maximum speed of 470 knots 871 km/h a standard service ceiling of 48 000 ft 14 600 m and the ability to carry a 3.6 tonne 7 900 lb payload the Canberra was an instant success Here is its story

India's Approach to Border Management Pushpita Das,2022-12-29 This book attempts to provide a comprehensive understanding of the circumstances which have shaped India's approach towards its international borders and the framework it has developed to better manage its borders The book argues that persistence of various cross border threats and challenges and an absence of robust intra regional trade among its neighbouring countries forced India to employ a security centric and unilateral approach to border management with emphasis on hardening the borders to cross border trade and travel and keeping the border areas underdeveloped to act as a buffer against external conventional threats Besides discussing the threats and challenges that India faces along the borders the book aims to develop an understanding of India's border management practices by analysing various programmes and initiatives such as the raising of border guarding forces building of physical and electronic fences the establishment of modern facilities for smoothening legitimate cross border travel the development of the border areas through special programmes and increasing trade and connectivity as well as other cooperative bilateral mechanisms Print edition not for sale in South Asia India Sri Lanka Nepal Bangladesh Pakistan and Bhutan

US Navy Cold War Guided Missile Cruisers Mark Stille,2020-02-20 Faced with an increasingly formidable anti ship cruise missile threat from the Soviet Union in the early days of the Cold War and with the recent memory of the kamikaze threat from World War II the USN placed a great priority on developing air defence cruise missiles and getting them to sea to protect the fleet The first of these missiles were sizable necessitating large ships to carry them and their sensors which resulted in the conversion of a mix of heavy and light cruisers These ships tasked with protecting carrier groups and acting as flagships entered service from 1955 and served until 1980 The cruisers served in the front lines of the Cold War and many saw combat service engaging in surface actions from Vietnam to the Persian Gulf Complementing the conventionally powered missile cruisers was a much smaller number of expensive nuclear powered cruisers including the Long Beach the USN's largest ever missile cruiser Until replaced by the

Ticonderoga and Burke classes of Aegis ships the USN's 38 missile cruisers were the most capable and important surface combatants in the fleet and served all over the globe during the Cold War Using specially commissioned artwork and meticulous research this illustrated title explores the story of these cruisers in unparalleled detail revealing the history behind their development and employment

At Sword's Point, Part 1 William P. MacKinnon, 2016-10-27 The Utah War of 1857-58 the unprecedented armed confrontation between Mormon Utah Territory and the U S government was the most extensive American military action between the Mexican and Civil wars At Sword's Point presents in two volumes the first in depth narrative and documentary history of that extraordinary conflict William P MacKinnon offers a lively narrative linking firsthand accounts most previously unknown from soldiers and civilians on both sides This first volume traces the war's causes and preliminary events including President Buchanan's decision to replace Brigham Young as governor of Utah and restore federal authority through a large army expedition Also examined are Young's defensive aggressive reactions the onset of armed hostilities and Thomas L Kane's departure at the end of 1857 for his now famous mediating mission to Utah MacKinnon provides a balanced comprehensive account based on a half century of research and a wealth of carefully selected new material Women's voices from both sides enrich this colorful story At Sword's Point presents the Utah War as a sprawling confrontation with regional and international as well as territorial impact As a nonpartisan definitive work it eclipses previous studies of this remarkably bloody turning point in western military and Mormon history

Child Labour in Britain, 1750-1870 Peter Kirby, 2017-04-18 What kinds of jobs did children do in the past and how widespread was their employment Why did so many poor families put their children to work How did the state respond to child labour What problems arise in the interpretation of evidence of child employment *Child Labour in Britain 1750-1870* Offers a broad empirical analysis of how the work of children was integrated with the major economic and occupational changes of eighteenth and nineteenth century Britain Argues that working children occupied a unique position within the context of the family the labour market and the state Discusses the key issues involved in the study of children's employment In this clear and concise study Peter Kirby convincingly argues that child labour provided an invaluable contribution to economic growth and the incomes of working class households Consequently the picture that emerges is much more complex than that portrayed in many traditional approaches to the subject

The Crystal War Saga: Part 1—Betrayal Harvey W. McCarthy, 2010-08-04 Worlds Competing for Resources In the early twenty first century the Orion Program was cancelled and NASA was disbanded in favor of SUN a new international space exploration organization whose goal was to colonize Mars They created a new space worthy craft and a team of three astronauts became the first humans walk on the surface of the planet During their exploration they discovered a mysterious pink crystal with unlimited energy potential When every country switched from natural resources to the mysterious Martian crystals Earth was transformed in a new era of economic prosperity and technological advancement However when it was discovered that the Martian crystals only contained a

limited amount of energy Earth sent space explorers to the deepest uncharted regions of space in search of more crystals In their search they discovered a humanoid race that was also in need of new sources of energy A dispute over the crystals led to violence The violence led to WAR **U.S. News & World Report** ,1955 **If These Walls Had Ears** James Morgan,2009-09-26 Tells the story of 501 Holly in Little Rock and the seven families that have called it home from the 1920s to the present recounting personal drama and fond memories against the background of America s social and cultural history Includes b w photos For general readers No index Annotation c by Book News Inc Portland Or The Journal of Plumbing, Heating, Air Conditioning Contractors ,1917 **American Gas Engineering Journal** ,1917 Suppressed and Incredible Inventions John Freeman,1987-06 Low-Level Radiation and Immune System Damage Joseph J.
