

Circulatory System GIZMO

Name: _____

Date: 2/28/2021

Directions: Follow the instructions to go through the simulation. Respond to the questions and prompts in the orange boxes.

Vocabulary:

- circulatory system, red blood cell, white blood cell, platelet
- blood vessel, artery, vein, capillary, pulmonary artery, pulmonary vein
- heart, atrium, ventricle, heart valves

Prior Knowledge Questions (Do these BEFORE using the Gizmo.)

1. Why do you need blood? Blood carries oxygen to vital (and non-vital) systems in the body. As we learned in cell respiration, our body needs oxygen to create ATP.
2. What organ pushes blood through your body? The Heart

Gizmo Warm-up

This Gizmo shows the **heart** and **blood vessels** that make up the **circulatory system**. Look at the heart.

1. How many chambers does the heart have? 4
2. Turn on **Show labels**. What are the names of the chambers?

Right Atrium

Left Atrium

Right Ventricle

Left Ventricle

3. Find the tiny "doors" that open and close as blood is pumped through the heart. How many of these can you find? 4

These are **heart valves**. Heart valves stop blood from flowing backwards in the heart.

4. Click **Heartbeat sound** and listen for the two parts of the heartbeat, nicknamed "lub" and "dub." Observe the heart. (Note: The recording is not in sync with the heart animation.)

What do you think causes heartbeat sounds?

The pressure/force of the heart pumping all that blood throughout the body.

In fact,

- the "**lub**" sound is caused by valves from the **atria** to the **ventricles** closing.
- the "**dub**" sound is caused by the valves from the **ventricles** to the **blood vessels** closing.

5. The diagram is drawn as if you are face-to-face with the person with this heart. Why are the left atrium and left ventricle shown on the right side of the diagram?

When you are facing someone, their left is my right, and my right is their left. The difference is caused by our opposing orientations.

Standard Deviant The Circulatory System Answers Key

Ali F. AbuRahma

Standard Deviant The Circulatory System Answers Key:

Noninvasive Vascular Diagnosis Ali F. AbuRahma, 2017-10-02 This large format book is the definitive text on vascular surgery written by expert editors and contributors. It is well supported by exceptional illustrative material. The book is invaluable to all those who work in vascular laboratories as well as internists, cardiologists, vascular laboratory directors, and staff general surgeons involved in vascular surgery and the vascular surgery community in general. Noninvasive Vascular Diagnosis comprehensively covers all aspects of noninvasive evaluation of the circulatory system in the extremities. The increasing popularity of noninvasive techniques is not reflected in the number of comprehensive works on the topic and it is clear from the success of the first edition that the demand for an updated volume is increasing.

Heaving, Stretching and Spicing Modes Rui Xin Huang, 2020-08-20 This book is focused on fundamental aspects of climate variability in the ocean in particular changes of the wind driven circulation. The vertical movement of isopycnal isothermal layers including their stretching and compression is called heaving and stretching. A major part of climate variability in the ocean is heaving in nature. Heave is primarily associated with the adiabatic motions of isopycnal layers due to change of wind stress. It is rather difficult to separate the contributions from adiabatic and diabatic processes. Isopycnal analysis has been widely used in climate study; however, it is much more accurate to study the isopycnal layers. Here climate signals are examined in terms of changes of layer depth, layer thickness, layer temperature, salinity, spicity, and others. In addition to the traditional Theta-S diagram, the sigma-pi potential density potential spicity diagram can also be used in analyzing water mass property distribution and climate variability. In fact, a radius of signal can be defined rigorously for signals in the sigma-pi diagram. The combination of isopycnal analysis and evaluation of radius of signal provides a powerful tool in analyzing climate variability in the world oceans.

2025-26 NTA/UGC-NET/JRF Geography Solved Papers YCT Expert Team, 2025-26 NTA UGC NET JRF Geography Solved Papers 560 995 E This book contains the previous year solved papers from 2012 to 2025.

Physical Activity: An Optimizer of the Neurophysiological System? Juan Pedro Fuentes, Rodrigo Ramirez-Campillo, Mauricio Garzon, Maria António Castro, 2022-01-24

Nutritional and Metabolic Bases of Cardiovascular Disease Mario Mancini, Jose M. Ordovas, Gabrielle Riccardi, Paolo Rubba, Pasquale Strazzullo, 2011-07-11 Extraordinary advances in the understanding of the links between nutrition, metabolism, and cardiovascular disease have prompted a systematic reappraisal of knowledge in the field. As a result, it is now imperative that clinicians who care for patients with CVD or its key risk factors have a solid understanding of the often complex interrelationships between cardiovascular health and chronic diseases such as diabetes and obesity. Written by a team of international thought leaders in cardiology, endocrinology, diabetology, and nutritional science, this important new book examines and updates the role of obesity, hyperlipidemia, diabetes, hypertension, thrombosis, and aging in atherogenesis. Describes in detail the scientific and clinical evidence of the etiopathogenesis of ischemic heart disease as well as of peripheral and cerebrovascular disease. Focuses on the 6 topics that will be of greatest interest to

readers 1 general nutrition 2 metabolic syndrome and diabetes 3 hyperlipidemia and atherosclerosis 4 hypertension and cerebrovascular disease 5 hemostasis and thrombosis 6 aging Throughout the book in clear and accessible text contributors illuminate the close relationship between dietary habits the metabolic processes of nutrients and their impact on the cardiovascular system always with an eye on how the physician can use this information to implement better cardiovascular prevention and improve patient care *Nutritional and Metabolic Bases of Cardiovascular Disease* is ideal for those who need to update their knowledge of the links between nutrition metabolism and CVD from trainees clinicians and clinical investigators in cardiovascular medicine to endocrinologists diabetologists and nutritionists **Clinical Reasoning for**

Physician Assistants, E-Book Robin D. Evolutionary Concept of Health Dr Mahesh Ananth, 2012-10-01 One of the most controversial contemporary debates on the concept of health is the clash between the views of naturalists and normativists Naturalists argue that although health can be valued or disvalued the concept of health is itself objective and value free In contrast normativists argue that health is a contextual and value laden concept and that there is no possibility of a value free understanding of health This debate has fueled many of the often very acrimonious disputations arising from the claims of health disease and disability activists and charities and the public policy responses to them In responding to this debate Ananth both surveys the existing literature with special focus on the work of Christopher Boorse and argues that a naturalistic concept of health drawing on

evolutionary considerations associated with biological function homeostasis and species design is defensible without jettisoning norms in their entirety

Legal Medicine Open File , **GO TO Objective NEET 2021 Biology Guide 8th Edition** Disha Experts, SV. Sound and Vibration ,1996 **Sound & Vibration** ,1996 *NASA Technical Memorandum* ,1963 Pharmaceutical Sciences Joseph Price Remington,1970 Research and Technology Objectives and Plans Summary ,1993 A compilation of the summary portions of each of the RTOPs used for management review and control of research currently in progress throughout NASA P i **The Cambridge Handbook of Intelligence** Robert J. Sternberg, Scott Barry Kaufman, 2011-05-30 This volume provides the most comprehensive and up to date compendium of theory and research in the field of human intelligence Each of the 42 chapters is written by world renowned experts in their respective fields and collectively they cover the full range of topics of contemporary interest in the study of intelligence The handbook is divided into nine parts Part I covers intelligence and its measurement Part II deals with the development of intelligence Part III discusses intelligence and group differences Part IV concerns the biology of intelligence Part V is about intelligence and information processing Part VI discusses different kinds of intelligence Part VII covers intelligence and society Part VIII concerns intelligence in relation to allied constructs and Part IX is the concluding chapter which reflects on where the field is currently and where it still needs to go

MCAT, Medical College Admission Test Lawrence Solomon, Morris Bramson, 1988 Including more material and better coverage than any of the competition this completely revised and enlarged guide incorporates four full length sample tests complete with coverage of the new essay question

CIAP Monograph Series: The natural and radiatively perturbed troposphere United States. Department of Transportation. Climatic Impact Assessment Program Office, 1975 *Remington's Pharmaceutical Sciences* Joseph Price Remington, Arthur Osol, 1980 Designing Better Schools for Culturally and Linguistically Diverse Children Stuart McNaughton, 2011-06-06 How can schools be better designed to enable equitable academic outcomes for culturally and linguistically diverse children from communities lacking in economic political and social power Putting forward a robust science of performance model of school change based on a specified process of research and development in local contexts this book lays out the traditions of optimism and pessimism about effective schooling for at risk students reviews the international and national evidence for the effectiveness of schools and school systems in reducing disparities in achievement describes the challenges educational research must address to solve the problem of school effectiveness proposes strict criteria against which effectiveness should be judged and examines in detail examples where change has been demonstrated proposes how researchers professionals and policy makers can develop more effective systems Bringing together structural and psychological accounts of the nature of schools and establishing theoretically defensible criteria for judging effectiveness this book is a critically important contribution to advancing the science of making schools more effective

The Natural and Radiatively Perturbed Troposphere Panel on the Perturbed Troposphere, 1975

As recognized, adventure as without difficulty as experience more or less lesson, amusement, as without difficulty as settlement can be gotten by just checking out a book **Standard Deviant The Circulatory System Answers Key** plus it is not directly done, you could admit even more re this life, re the world.

We have enough money you this proper as capably as simple pretentiousness to get those all. We provide Standard Deviant The Circulatory System Answers Key and numerous ebook collections from fictions to scientific research in any way. accompanied by them is this Standard Deviant The Circulatory System Answers Key that can be your partner.
