Essays on the Eighteenth-Century English Stage Kenneth R. Richards, Peter Thomson, 2020-01-08 The eighteenth century produced more inventive actors than fine dramatists and it displayed its actors to increasing advantage as theatre management became more expert and stage design more ambitious First published in 1972 the eleven papers collected in The Eighteenth Century English Stage originally read at a Manchester University Symposium in July 1971 follow this

historical emphasis Two papers are centred on dramatists four on actors three on managers and two on designers Malcolm Kelsall analyses Steele's debt to Terence using his classical scholarship as illuminatingly as Edgar Roberts uses his musical scholarship in writing about the songs in Fielding's plays George Taylor compares and evaluates a number of theories of acting and speculates on the likely relevance of the best known books on rhetoric whilst Kathleen Barker Arnold Hare and David Rostron consider the work of individual actors Powell Cooke and John Kemble Theatre managers are represented by John Rich in Paul Sawyer's sympathetic account Thomas Harris who is given new life in the recent researches of Cecil Price and Stephen Kemble fixed by Kenneth Robinson in canny control of the Newcastle theatre circuit Finally Graham Barlow reaches some controversial conclusions about the dimensions of the Theatre Royal Drury Lane by subjecting Thornhill's sketches to a practising designer's statistical examination and Sybil Rosenfeld carries a stage further her pioneering work on eighteenth century scene painting and design The two last are attractively illustrated by 8 pages of plates This book's particular value lies in its bringing together several simply presented but deeply informed explorations of often neglected aspects of the eighteenth century theatre The papers with their general sense of enthusiasm and concern for their subject will interest all students of the eighteenth century and theatre enthusiasts in particular

Elder Care Journey Laura Katz Olson, 2016-04-22 Combining expert knowledge and first hand experience a noted elder care researcher confronts the long distance care of her own mother For millions of Americans caregiving is the new normal For Laura Katz Olson a respected researcher of long term care for the aging *Elder Care Journey* chronicles the disruption of her world and how it is upended by the ever increasing long distance needs of her own mother A healthy Senior Olympics medal winner Olson's mother is slowly and steadily incapacitated by Parkinson's disease and a gradual loss of vision Thrust into a long distance caregiving role Olson finds her previous academic notions about assisting a frail parent increasingly at odds with the reality of the lived experience In a narrative full of ah ha moments tears sighs and outrage that will be familiar to many Olson opens a window into the nursing home and home care industries that consume much in the way of taxpayer dollars but often fail to deliver quality care Olson's personal story vividly demonstrates not only the overwhelming bureaucratic barriers faced by care dependent seniors but also their beleaguered adult children's attempts to ensure their parents health safety and well being After losing two siblings Laura Katz Olson is left singularly responsible for her physically active and lively mother Dorothy a thousand miles away both young at heart and eagerly bicycling everywhere but increasingly limited by the normal process of aging Being an expert on aging and health care Olson is at first confident as she tries to let her mother age in place More than anyone she believes she should know what to do Shuttling between Florida and Pennsylvania Olson settles into a crushing routine and with each visit she finds incremental downward change in her mother's health Pulled by daughterly guilt at times but also a wellspring of love Olson is frank about the resentment she sometimes experiences With a unique perspective that links the systemic flaws in our policy approach to elder care to real world experience Olson exposes the challenges we all face or are likely to face More than a personal story but nevertheless an extremely compelling one the book should be read by those confounded and

frustrated and by those without direct knowledge of what quietly repeats itself millions of times a day Miriam Laugesen Department of Health Policy and Management Columbia University In *Elder Care Journey* Laura Olson tells the riveting story of helping her aging disabled mother navigate the system of long term services and supports A renowned scholar of aging and long term care policy Dr Olson was nevertheless unprepared for the daily frustrations involved in confronting a bewildering array of obstacles deceptions burdensome and repetitive procedures and paperwork and catch 22s ranging from the annoying to the downright dangerous She shows how well intentioned policies can fall far short of meeting people s needs especially for those in greatest need in a system based on fragmented interests and private sector profit maximization Combining scholarly expertise with personal experience she ends the book with a detailed but highly accessible analysis of the long term care system and how it could be improved to the benefit of both taxpayers and beneficiaries This book is a compelling read for policymakers and for students and scholars of health care and social welfare policy highly recommended for undergraduate and graduate courses The author s experiences also provide helpful advice to caregivers on what to expect and how to deal with it as well as reassurance that they are not alone Christine L Day University of New Orleans If a society is judged by how well it treats its most vulnerable members Laura Katz Olson a prominent health policy scholar demonstrates that we have a long way to go in how we serve frail and disabled elders in need of long term services and supports at the end of their lives Olson develops a compelling narrative that describes the subtle and not so subtle indignities imposed on elders and their caregivers navigating the complex maze of health and social service systems at their hour of greatest need Even an expert such as Olson struggled in light of the challenges posed by these impediments By connecting her own personal journey to the larger societal challenges within which her struggles are embedded Olson makes a significant contribution to the literature that should be required reading for scholars practitioners and policymakers looking to advance the welfare of the nation s most vulnerable citizens Edward Alan Miller author of *Block Granting Medicaid A Model for 21st Century Medicaid Reform* This page turner is at once a tender tale of a daughter s devotion and a stinging indictment of the hugely complex and wholly inadequate American long term care system That an elder care expert can barely navigate the Byzantine web of public and private insurance and services for her disabled mother is alarming enough Truly horrific are the system s shortcomings and the increasing role that for profit providers play fleecing and even abusing their customers A startling wake up call Andrea Louise Campbell author of *Trapped in America s Safety Net One Family s Struggle* **Modern Greek Reader : Demotic : [English Translation]** George Christos Pappageotes,1972 *Official Gazette of the United States Patent and Trademark Office* ,1992 Chinese Film Stars Mary Farquhar,Yingjin Zhang,2010-04-27 This volume of original essays fills a significant research gap in Chinese film studies by offering an interdisciplinary comparative examination of ethnic Chinese film stars from the silent period to the era of globalization Whereas studies of stars and stardom have developed considerably in the West over the past two decades there is no single book in English that critically addresses

issues related to stars and stardom in Chinese culture Chinese Film Stars offers exemplary readings of historically geographically and aesthetically multifaceted star phenomena An international line up of contributors test a variety of approaches in making sense of discourses of stars and stardom in China and the US explore historical contexts in which Chinese film stars are constructed and transformed in relation to changing sociopolitical conditions and consider issues of performance and identity specific to individual stars through chapter by chapter case studies The essays explore a wide range of topics such as star performance character type media construction political propaganda online discourses autobiographic narration as well as issues of gender genre memory and identity Including fifteen case studies of individual Chinese stars and illustrated with film stills throughout this book is an essential read for students of Chinese film media and cultural studies

the world of staging opera of so called Regietheater as initiated by Wagner himself Stefan Herheim's celebrated Bayreuth production of Parsifal and various performances of Lohengrin are discussed before looking back to Mozart Don Giovanni and forward to Alban Berg's Lulu and Nono's Al gran sole carico d'amore Throughout the book invites us to consider how we might perceive the aesthetic and political integrity of the operatic work after Wagner After Wagner will be invaluable to anyone interested in twentieth century music drama and its intersection with politics and cultural history It will also appeal to those interested in Richard Wagner's cultural impact on succeeding generations of composers MARK BERRY is Senior Lecturer in Music at Royal Holloway University of London

Selfhood on the Early Modern English Stage Pauline Blanc, 2009-10-02 The twelve essays in *Selfhood on the Early Modern English Stage* analyse the influences that shaped the fictional constructs that inhabited the drama of the early modern period The contributors all specialists in the field working in France and England offer a wide spectrum of views and discuss a variety of dramatic texts ranging from late medieval cycle plays and interludes of the Tudor period to plays by Marlowe Shakespeare Tourneur and Jonson The early modern stage self emerges out of this collection as the site of a rich confluence of discursive and historical forces existing beyond the theatre itself Three essays in the first section reveal how abstract figures like Mundus and Mankind gradually became endowed with personal motives and personalizing traits which brought into existence stage beings with a capacity for emotion In the second section three essays deal with specific cultural factors that influenced the representation of selfhood in John Lyly's *Alexander* in Marlowe's *Tamburlaine* and in a selection of Stuart court masques presented at Whitehall The third section offers new insights into the composition of *Hamlet* as a dramatized personality the fourth investigates the way in which the poet playwright's autobiographical impulses may have helped in the construction of early modern stage selves the final fifth section explores the kaleidoscopic sources of the royal protagonists in Rowley's *When You See Me You Know Me* and Shakespeare's *Richard III* This collection of essays seeks to add a further contribution to the growing body of criticism that investigates the multi faceted multi layered construction of early modern subjectivity
