

STUDY GUIDE QUESTIONS - *Macbeth*

Act One

1. What is the point of the first scene literally and in reference to the whole play?

Literally, the witches are deciding when they shall meet again. This scene sets the mood for the entire play, and introduces several major motifs: the witches (supernatural influences in the play), the idea of fair being foul, and the stormy fate of Scotland. The main character, Macbeth, is also introduced by name.

2. What does Duncan call Macbeth when he hears Macbeth has defeated Macdonwald?

He calls him "valiant Cousin! Worthy gentleman!" This is ironic, being said to the man who will be his murderer.

3. Who is sentenced to death?

The Thane of Cawdor is sentenced to death.

4. What do the witches predict in I.iii for Macbeth? For Banquo?

They predict Macbeth will be Thane of Cawdor and eventually the king. They predict that Banquo will be "lesser than Macbeth, and greater, Not so happy, and yet happier" and that his descendants will be kings although he will not be one.

5. What news does Ross bring Macbeth?

Ross tells Macbeth that Macbeth now holds the title of the Thane of Cawdor.

6. Banquo, like Macbeth, is surprised that the witches have predicted Macbeth's new title. He is, however, leery. What does he say about the motives of the "instruments of darkness"?

He says they often tell of good things which may happen without telling the bad consequences.

7. Malcolm describes Cawdor's last moments before execution. What is Duncan's reply?

You can't tell what is in a person's heart by looking at his face.

8. Macbeth says, "Stars, hide your fires, Let not light see my black and deep desires." What are Macbeth's desires?

He now desires to be the king, and he realizes that something will have to be done with the present king (and his sons) before his desires can become reality.

9. After Lady Macbeth reads the letter, what does she tell us is her opinion of Macbeth, and how does she plan to help him?

In short, Lady Macbeth thinks Macbeth could be a good king, but he lacks the hardheartedness which would allow him to get to the position. She'll talk him into it.

10. What is Lady Macbeth's "prayer" to the spirits after she learns Duncan is coming?"

She wants to be filled with cruelty, given a hard heart and the thick blood necessary to do what has to be done in order to make Macbeth king.

11. What advice does Lady Macbeth give Macbeth when he arrives home?

She tells him he must learn to look innocent even when his heart is full of evil. He has to learn to hide his true feelings.

12. What are Macbeth's arguments to himself against killing Duncan?

Macbeth is Duncan's kinsman and his subject. Duncan is a good king and virtuous man; he has done no particular evil. Duncan is a popular king, and his death would bring sorrow and unrest upon Scotland.

13. What arguments does Lady Macbeth use to convince Macbeth to commit the murder?

She tells him not to be a coward, not to say later that he "could have been" when he could "be" king. She tells him to be a man and go get what he wants. She says if she had made the promise to do this, that she would have killed her own baby to carry forth with her promise.

Teaching Is Inquiry Cynthia Ballenger, 2025 Many teachers maintain commitments to ideas and practices that they rarely question. Among these assumptions are ideas about children and the variety of reasons as to how they might learn or fail to learn. Teaching as inquiry is the practice of gaining distance from one's assumptions about teaching and learning to better serve all children, including those struggling in school. Ballenger shares stories from her experiences demonstrating that children are always thinking and always making sense and going further that the ideas of our most puzzling students lead us to new recognition of what thinking looks like. Readers will learn how teaching with documentation and reflection develops and deepens their practice over time. Divided into three sections, chapters address the framework for inquiry, language and reading groups, and the interests of particular children with special needs in relation to the curriculum. Teaching Is Inquiry details the practices of teacher inquiry with a series of sometimes sad, sometimes joyful stories from the classroom. Book Features: Urges teachers to move beyond the first look or more superficial understandings of students. Demonstrates the value of documentation in order to better understand the ideas of a wide range of students, including those identified as struggling. Showcases the author's powers of observation that have inspired many teachers inquiry into their own practice. Offers reflections that are both complex and open to further interpretation on the part of readers. Extends the author's examination of puzzling moments, encounters with students that may be difficult to comprehend or do not conform to more typical interactions.
