[Birth or Abortion?](#) Kate Maloy, Margaret Jones Patterson, 2013-11-09 Many Americans who believe that women should be able to choose when and whether to bear a child are also deeply disturbed by the one and one half million abortions performed each year in this country They regard these concerns as irreconcilable because the topic of abortion until now has been framed as a black or white conflict between the rights of the mother and those of the fetus The very idea of compromise or common cause draws scorn among factions How after all can the political debate about abortion permit any more options than pregnancy itself does This extraordinary book tells fifty stories about women from strikingly diverse backgrounds who have had to choose whether to give birth or to abort About half of these women carried their pregnancies to term the others ended them Their decisions arose from heartfelt struggles expressed in terms completely different from those that prevail in the public debate Some women who abhor abortion ended up choosing that option others who are prochoice opted for birth or had abortions that in some instances caused them sorrow or regret The outcome of nearly every private dilemma hung on practical and emotional matters the quality of the connection between the woman and the man the financial resources available the number of children the woman already had the state of her self esteem and the health of the fetus rather than on the weighing of rights These insightful and eloquent authors hold up a mirror to our society and show us that we have pitted mother against fetus They ask whether we have emphasized the rights of individuals at the expense of human

responsibility and care This most intellectually challenging yet sensitive book transcends all other books on this topic The complexity and rich nuances of the stories it tells permits us to see this controversy with new eyes These stories woven together are our nation s story one that has never been told by the long and angry debate Once we learn to hear these women we may also learn to listen to one another and work toward common values and moral responsibility **The Kaleidoscope British Christmas Television Guide 1937-2013** Chris Perry,2016-02-03 A Guide to British television programmes shown at Christmas time throughout the years **The History of South Carolina Under the Royal Government, 1719-1776** Edward McCrady,1899 **Leigh's Story** A Valentine Joseph,2009-04-29 Successful interior designer Leigh Grant enjoys waking up every day A driven professional her job duties and the satisfaction of her clients bring her a high degree of contentment Things are running smoothly in her life particularly after she meets James Spencer on a weekend getaway to the Bahamas where they began a wonderful romantic relationship As Leigh begins to settle into the joys of her new relationship she encounters a new client who is a cold yet sophisticated beautiful and elegantly dressed young woman Initially uneasy about taking her on Leigh accepts the job and her life takes off on an unexpected detour She must deal with her new client along with someone from her past hell bent on destroying her and those close to her [The Rough Guide to Film](#) Rough Guides,2008-05-01 Get the lowdown on the best fiction ever written Over 230 of the world s greatest novels are covered from Quixote 1614 to Orhan Pamuk s Snow 2002 with fascinating information about their plots and their authors and suggestions for what to read next The guide comes complete with recommendations of the best editions and translations for every genre from the most enticing crime and punishment to love sex heroes and anti heroes not to mention all the classics of comedy and satire horror and mystery and many other literary genres With feature boxes on experimental novels female novelists short reviews of interesting film and TV adaptations and information on how the novel began this guide will point you to all the classic literature you ll ever need *My Lifey* Paddy McGuinness,2021-10-28 Get the kettle on the biscuits out and settle in for a belting read Let Paddy McGuinness take you back far far away from celebrity land to a two up two down terrace in 1970s Bolton where he grew up They were happy times but money was tight Paddy slept on a mattress he dragged in from the street and at 17 he struggled severely with the stress of juggling a college course and two jobs to support his beloved mum But while cash may have been short grit and wit were in over supply and this is the improbable true story of the lad who went from kipping in abandoned cars in Bolton to racing supercars on Top Gear via laying concrete floors in prisons a lively career in a leisure centre a showbiz intervention by school pal Peter Kay and eye popping adventures in the world of teledom There has been mischief and misadventure joy and sorry huge success and unexpected challenges It s a lifey well lived and an unforgettable personal memoir written from the heart *High Interest Easy Reading* National Council of Teachers of English.
