What kind of simulation is this? (What do you do with it?)

Answer: It is a virtual lab simulation.

What is the purpose of this simulation? (What do you learn from it?)

Answer: To learn about the states of matter and how they change.

States of Matter

There are three states of matter: solid, liquid, and gas. Each state has different properties. In this simulation, you can observe how matter changes between these states by adding or removing heat.
