College Standard Dictionary of the English Language ... 2,500 Pictorial Illustrations Frank H. Vizetelly, 1923 *The Plays of Ernst Toller* Cecil Davies, 2013-09-13 This book is the fullest and most detailed study yet published in English of Ernst Toller's plays and their most significant productions. In particular the productions directed by Karl Heinz Martin Jürgen Fehling and Erwin Piscator are closely analyzed and the author demonstrates how brilliant though they were they obscured or even distorted Toller's intentions. The plays are seen as eminently stage worthy while worth lies in Toller's use of language both in prose and verse. The neglected puppet play *The Scorned Lovers' Revenge* is analyzed from a new perspective in the light both of its language and its sexual theme so important in Toller's writings as a whole. The reader is led to appreciate why Toller was regarded as the most outstanding German dramatist of his generation until after his death in 1939 his reputation was overlaid by that of Brecht. This book should do much to restore Toller to his proper place in theatre history.
