Start with Why Elite Summaries (Firm), 2016-06-18 *Start With Why* by Simon Sinek Summary that they can be made. Sinek reveals how any of us can learn what the world's born leaders do that most people don't. This is a must-read book for anyone who wants to lead their organization to success. What is the great secret that puts one person or organization way out in front of the rest? How do they get to be so much more innovative and successful and remain so whatever their competitors do? Well, the answer is that asking questions is a good start but they have to be the right questions. Sinek tells us that the most vital question is WHY. In business it is obviously a good idea to know what you do. You need to know how you do it. But most important of all is to know WHY you do what you do. In *Start with Why* the author explains that it's the basic question all the great leaders in business, social reform, or any other field asked themselves right at the beginning. He examines such leaders as Steve Jobs, Richard Branson, or Martin Luther King and notes that they all applied the same thinking and started from the same question: WHY. The book goes on to show us how to apply this principle in our own businesses. It explains how to get from what to how and on to WHY. Why are we doing what we do rather than something else? Read the book, apply its lessons, and you could be the next Jobs or Branson. The sky's no longer the limit.

The inspiring life-changing bestseller updated for its 15th anniversary with a new foreword by the author. In 2009 Simon Sinek ignited a movement to help people find a greater sense of purpose at work and added a new word to the lexicon of business: WHY. People and companies now regularly talk about their WHY. Sinek's videos have been seen by over a billion people around the world, including more than 65 million who've watched his TED Talk based on *Start With Why*. Sinek starts with a fundamental question: Why are some people and organizations more innovative, more influential, and more profitable than others? Why do some command greater loyalty from customers and employees alike? Even among the successful, why are so few able to repeat their success over and over? *Start With Why* shows that the leaders who've had the greatest influence in the world all think, act, and communicate the same way, and it's the opposite of what everyone else does. People like Martin Luther King Jr., Steve Jobs, and the Wright Brothers had

little in common but they inspired people not with WHAT they did but with WHY they did it Sinek provides a new easy to understand framework that inspires people to build organizations and lead movements in a more powerful and effective way And it all starts with WHY With a new foreword touching on the importance of holding onto our WHY in a distracted age new examples and original stories updated this 15th anniversary edition celebrates a simple but transformative idea that has changed the way we think about leadership and legacy *Summary of Start with Why* Readtrepreneur
