Clinical Skills Documentation Guide for Athletic Training Herb Amato, Christy Venable Hawkins, Steven L. Cole, 2006

Athletic training students are required to learn practice test and master clinical skill sets throughout their educational career. A textbook that can be used from the start of their education up until graduation becomes essential to this learning process. Answering the call for educators and students is *Clinical Skills Documentation Guide for Athletic Training Second Edition*. The esteemed Practical Exam Preparation Guide of Clinical Skills for Athletic Training has been updated, revised, and renamed to accurately reflect the material presented throughout the text that is necessary for athletic training students to master clinical skill sets as tested on throughout their educational career. Herb Amato, Christy D. Hawkins, and Steven L. Cole have revised and updated *Clinical Skills Documentation Guide for Athletic Training Second Edition* to reflect the standards and specific outcomes of the Clinical Proficiencies as established by the National Athletic Trainers Association. Incorporating the Learning Over Time Concept, this second edition presents a three-weighted practical exam format within the Evaluation Box for each clinical skill set. Additionally, each clinical skill set follows an easy-to-use checklist design, allowing athletic training students to learn practice test and master clinical skills. New features inside the Second Edition: Over 110 new clinical skills sets, 393 in total throughout the text. Chapters have been reorganized in a more user-friendly fashion. Updated references throughout the text. New sections inside the Second Edition: Joint mobilization, General medical, Therapeutic exercise, reconditioning, Therapeutic modalities, Therapeutic measurements. Athletic training educators will find *Clinical Skills Documentation Guide for Athletic Training* to be a user-friendly text that will easily supplement their curriculum for a way to document when clinical skills have been taught, practiced, evaluated, and mastered by each student. With new chapters reflecting the progressing field of athletic training, a reorganization of the information presented, and the addition of 110 new clinical skill sets, *Clinical Skills Documentation Guide for Athletic Training Second Edition* is the critical first step necessary in developing clinical skill set mastery for athletic training students.
