A single survivor trapped in a dream created world must face her deepest secrets in order to escape the evil forces that are waiting in the shadows To sum up Whispers in the Dark is an exciting story about being brave being a brother and facing your worst fears A little girl named Lily is at the center of the story She is exploring her attic when she finds a secret door that accidentally opens a way to a world made from dreams A lot of different kinds of animals live in this dark and strange area Some are friendly but others are dangerous The whispers of the night tell Lily that the only way out of this dark place is to face the worries and secrets she has been hiding Lily isn t the only one on her quest she meets Gobo a loving monster who looks scary but is actually lonely and scared On their trip together they face challenges like the Bridge of Bravery which tests how brave they are and the River of Reflections which shows them what they fear the most In the darkest places friendship can bring light This is clear from the way their bond grows with each step When Lily meets the Keeper of Secrets she is asked to tell him about her biggest secret in exchange for being free Lily learned that facing your fears head on is what makes you strong in this important moment of weakness The end of their adventure is at the Gate of Shadows which is watched over by Lily s worries come to life With Gobo s help she gets over her worries and each win brings her one step closer to home As she walks through the gate the last rumor The bravest heart shines brightest in the darkest times brings her back to the real world The movie Whispers in the Dark is more than just a journey because it shows how strong you can be when you face the unknown Lily starts a new story when she goes back to her world She learns how to be brave make friends and love This story shows how powerful it is to face your fears and how light can be found even in the darkest places

Chapter 1 The Strange Door The magical chapter in Lily s story called The Strange Door is the start of her journey into a place she has never been to before Picture a calm evening at home with the sound of a clock ticking outside and the leaves slowly moving Little Lily was interested as she looked around her attic which was full of old boxes broken books and toys that had been left behind As she looked around she found something very interesting an old door that looked creepy and strange Even this door wasn t normal she had never seen one like it before It was hidden as if it was waiting for her to find it The door was strange it was begging for secrets and had intricate patterns carved into the wood Lily was interested because she likes to try new things and is naturally curious She was interested in where it was going and why she had never seen it before Was it there all the time just waiting for her to notice it or was it hidden She stretched out and turned the doorknob with a mix of joy and worry because she didn t know what to expect As soon as the door cracked open strange things started to happen Lily did more than just unlock a door to a different room She also opened a door to a dark whispery world The door

looked like a way to get to a place where the impossible was possible somewhere outside of her world It took her into a new scary world before she could even open the door It looked like it thought for itself Right now was the start of Lily s wonderful trip She saw that the sky was always dark and that the only lights in this world were the moon and stars In that world bad dreams and fears seemed normal and the unexpected was always around the corner Lily was excited to go on trips even though she was a little scared She knew it would be hard to go back home but she was determined to learn everything she could about this strange world The Strange Door in Lily s attic was more than just a door It led to a trip that taught her courage friendship and how important it is to face her fears As kids reading this story we might be motivated by Lily s bravery in going into the unknown and realize that facing our inner darkness can help us find our inner light Chapter 2 The Shadows That Speak Lily was in the strange area beyond the strange door which seemed to be completely dark because the shadows had eaten away all the light She began to hear faint muttering in this strange and faraway world At first these murmurs were soft and unclear like the sound of wind rustling leaves They were almost completely hidden by the night s quiet A chill went down Lily s spine the kind that lets you know you re not alone even when you can t see anyone else At first the sounds of fear made her heart beat faster Lily didn t know what the sounds from the dark meant and she wasn t sure if they were there to hurt her or help her Being interested and scared at the same time was a strange sensation She didn t understand what or who was talking or why they were talking so quietly She stood there and tried to figure out what was going on around her while the muttering continued The constant noise made her feel at ease While Lily was paying more attention to the murmurs she finally picked up on something strange about them They seemed to be trying to talk to her instead of just making noises or talking for no reason It looked like the shadows were talking to her and trying to help her find her way She knew right away that these words could be the key to getting home The thought gave her a spark of hope in the middle of all the sadness Each whisper was like a piece in a jigsaw puzzle that Lily had to put together Even though some of them gave her choices others warned her of risks that might not be obvious It sounded like someone was telling her to be brave and never give up At the same time Lily knew that the comments were not scary but rather her friends in this strange new world Lily felt surer of herself after learning more so she chose to listen to the shadows speaking She paid close attention and tried to tell the difference between real and fake whispers It was hard because it seemed like every move she made brought up new words of warning and advice But with each step Lily felt like she was getting stronger She understood that the words were trying to teach her something important to pay attention and follow her gut
