White Knight Roof Repair:

Managing Previously Unmanaged Collections Angela Kipp, 2024-11-19 This book is a practical guide for everyone who is confronted with a collection that hasn't seen any preventive conservation or cataloging before. It helps in gaining an overview, defining priorities and organizing the work in a way that is safe for the objects and the people involved. It defines logical exit goals to work towards where the collection is in a state the next steps can wait without risking the progress made. Later on, readers learn to define their own logical exits that fit their specific situation. Compared to other books about collections management, it doesn't focus on the details of collections care but rather on the big picture of managing such a project. It assumes that at the beginning there is nothing but the reader and an unmanaged collection so that part of the project is to source money, material and people to help. The second edition has a new chapter on setting up collections management systems; the original text was reworked and in parts enhanced; there are additional success stories in the last chapter with references to them in the text and the bibliography now contains some resources for natural history, indigenous and archaeological collections.

Protecting Jazz Susan Hayes, 2018-07-13 Jazz Masters is a werewolf with a day job. Living in fear of the monster that lives inside her, she's created a safe, if lonely, world where she can control her darker half. That world comes crashing down around her when she crosses paths with a pack of werewolves who recognize what she is: a rogue she-wolf with no pack to protect her. Threatened and afraid for her life, Jazz turns to the only group that might be able to help her: the Guardians. One look at Jazz is all it takes for the Guardian's resident risk-taker, pilot and playboy Jason Waters to know he's interested. Not even the revelation that she's a werewolf deters him from his new mission: Protecting Jazz from everything and everyone, including her dark side. With the pack closing in, Jazz must make a choice: surrender to her fear or fight for her life and a chance at love with a man who'd die to protect her.

Publisher's Note: This book was previously released as *On Jason's Watch*.
Keywords: Alpha Hero, protector, woman in peril, werewolf.

Brands and Their Companies, 1994 This is a guide to product, trade names, brands and product names with addresses of their manufacturers and distributors.

To Catch a Star Dorothy Callahan, 2016-05-09 Being the apple of Hollywood's eye is great for an action-adventure hero, but millionaire Rex Ronin knows he needs to break out of his typecast roles if he hopes to have any longevity on the silver screen. A fresh new role by a new director, filmed on the deserted Hawaiian Island of Koho Olawe, will grant Rex decades of acting opportunities and maybe even make him feel like a true hero like his father. But a tropical storm strands him at sea and when he makes land, Rex is saved by a woman running a wildlife preserve on the very land Rex's agent is turning into a mega resort. One that will ensure Rex's fame and fortune for the next hundred years. Taking care of living things is what Tori Jackson does best; after all, she knows what it's like to be broken and discarded. A car accident has scarred her both physically and emotionally, so living among nature and protecting everything on her reserve is all that matters to her. So when a scruffy shipwrecked vagabond shows up on her doorstep, Tori has no compunction against helping him. The only problem is that her

reserve didn't get the land renewal in time and now her beloved property is at risk of turning into a concrete tourist destination. With no money, no power, and a coalition intending to steal the land out from underneath her, Tori needs something extraordinary to save everything she holds dear. Rex craves fame and fortune while Tori nurtures her flora and fauna. Was their shipwrecked encounter a disaster or simply their destiny?
