An International Annotated Bibliography of Strindberg Studies 1870-2005: The plays Michael Robinson, 2008 This copiously annotated bibliography documents and examines the whole range of commentary on Strindberg's works and activity in many fields besides the plays for which he is internationally best known These include his prose fiction and poetry his work as an historian and natural historian and his relationship to the other arts most notably his painting It is concerned with both lasting works of literary and dramatic criticism as well as reviews of his books and plays in the theatre and some more ephemeral material all of this in several languages Organised generically and by subject and individual work the bibliography enables the reader to trace the changing impact of Strindberg and his works in various countries and during different periods It is thus very much a study in reception as well as a bibliographical record of published material It traces the developing image of Strindberg and his writing both during his lifetime and in subsequent years and with frequent cross reference offers a comprehensive overview of a literary and existential project that has rarely been matched for its multifaceted diversity The bibliography is published in three parts Volume 1 General Studies 978 0 947623 81 4 and Volume 3 Prose Poetry Miscellaneous 978 0 947623 83 8 are also now available Michael Robinson is Emeritus Professor of Drama and Scandinavian Studies at the University of East Anglia Norwich

Shrinking the Earth Donald Worster, 2016-01-08 The discovery of the Americas around 1500 AD was an extraordinary watershed in human experience It gave rise to the modern period of human ecology a phenomenon global in scope that set in motion profound changes in almost every society on earth This new period which saw the depletion of the lands of the New World proved tragic for some triumphant for others and powerfully affecting for all In this work acclaimed environmental historian Donald Worster takes a global view in his examination of the ways in which complex issues of worldwide abundance and scarcity have shaped American society and behavior over three centuries Looking at the limits nature imposes on human ambitions he questions whether America today is in the midst of a shift from a culture of abundance to a culture of limits and whether American consumption has become reliant on the global South Worster engages with key political economic and environmental thinkers while presenting his own interpretation of the role of capitalism and government in issues of wealth abundance and scarcity Acknowledging the earth's

agency throughout human history Shrinking the Earth offers a compelling explanation of how we have arrived where we are and a hopeful way forward on a planet that is no longer as large as it once was *Resource Extraction and Arctic Communities* Sverker Sörlin,2022-12-22 For decades a post Cold War narrative heralded a new Arctic with melting ice and snow and accessible resources that would build sustainable communities Today large parts of the Arctic are still trapped in the path dependencies of past resource extraction At the same time the impetus for green transitions and a new industrialism spell opportunities to shift the development model and build new futures for Arctic residents and Indigenous peoples This book examines the growing Arctic resource dilemma It explores the new extractivist paradigm that posits transitioning the region s long standing role of delivering minerals fossil energy and marine resources to one providing rare earth elements renewable power wilderness tourism and scientific knowledge about climate change With chapters from a global interdisciplinary team of researchers new opportunities and their implications for Arctic communities and landscapes are discussed alongside the pressures and uncertainties in a region under geopolitical and environmental stress *The New Cambridge Medieval History: Volume 4, C.1024-c.1198, Part 2* Rosamond McKitterick,David Abulafia,C. T. Allmand,1995 The fourth volume of The New Cambridge Medieval History covers the eleventh and twelfth centuries which comprised perhaps the most dynamic period in the European middle ages This is a history of Europe but the continent is interpreted widely to include the Near East and North Africa The volume is divided into two parts of which this the second deals with the course of events ecclesiastical and secular and major developments in an age marked by the transformation of the position of the papacy in a process fuelled by a radical reformation of the church the decline of the western and eastern empires the rise of western kingdoms and Italian elites and the development of governmental structures the beginnings of the recovery of Spain from the Moors and the establishment of western settlements in the eastern Mediterranean region in the wake of the crusades **A Decade in Sino-Soviet Diplomacy** David Brophy,2023-09-30 This book will illuminate Xinjiang studies as never before publishing for the first time the complete diaries of Liu Zerong governor of Xinjiang during World War II illuminating the origin of contemporary policies for smaller ethnic groups in the new China that emerged in 1949 The diaries are introduced with a biographical study of Liu and a discussion of the historical context of World War II and the post war situation in Xinjiang which was divided into rival spheres of KMT control and the Soviet aligned East Turkistan Republic Both in the Moscow embassy and in the provincial administration of r mchi Liu Zerong was Republican China s chief Russian speaking representative whose task it was to engage on a daily basis with his Soviet counterparts His extensive diaries therefore offer a unique insight into this tense decade of Sino Soviet diplomacy and will be of interest to a wide range of scholars in fields of Chinese and international history The accompanying set of essays by the world s leading Xinjiang scholars confirm this volume s status as a key text for scholars policymakers and others seeking to understand Chinese policies in Xinjiang Transitional Justice for Child Soldiers K. Fisher,2013-10-10 This book examines and offers

suggestions for how post conflict practices should conceptualize and address harms committed by child soldiers for successful social reconstruction in the aftermath of mass atrocity It defends the use of accountability and considers the agency of youth participants in violent conflict as responsible moral entities
