Valor Horizon Manual:

Mapeo de suelos afectados por salinidad - Manual técnico Omuto, C.T., Vargas, R.R., El Mobarak, A.M., Mohamed, N., Viatkin, K., Yigini, Y., 2021-03-24 Los suelos afectados por salinidad como los suelos salinos o sódicos están distribuidos en todos los continentes con diversos niveles de intensidad de problemas. Se trata de suelos con altas cantidades de sales solubles y iones de sodio. La información actualizada de su distribución y causas es un primer paso hacia su manejo sustentable. Este libro brinda las guías técnicas y el enfoque para desarrollar información armonizada a escalas múltiples de los suelos afectados por salinidad. El libro está organizado en tres secciones integradas por siete capítulos. Las secciones están ordenadas en secuencia pero diseñadas en forma independiente a efecto de favorecer una lectura enfocada para los que deseen ir directamente a alguna sección. La Sección 1 proporciona los antecedentes. Consta de tres capítulos que abarcan la literatura sobre las características y métodos de mapeo para suelos con problemas de salinidad. Se pretende ilustrar los conceptos básicos, el vínculo de las características de los suelos afectados por salinidad con los requisitos de los datos de entrada para su mapeo, los métodos de clasificación existentes y la distribución global de estos suelos. La Sección 2 abarca los procedimientos metodológicos para desarrollar información espacial a escalas múltiples de los suelos afectados por salinidad. Cuenta con dos capítulos que describen los requerimientos, la preparación de los datos de entrada y los pasos procedimentales para desarrollar información espacial sobre suelos afectados por salinidad. Expone la forma de armonizar e integrar los datos de diferentes fuentes y características para producir información sobre suelos afectados por salinidad. La Sección 3 abarca el intercambio de información y la movilización de recursos al desarrollar información sobre suelos afectados por salinidad. Provee las guías para preparar mapas espaciales y los pasos para incluir valor agregado para beneficiar a los usuarios finales de la información. Contiene igualmente un programa de capacitación genérico para desarrollar capacidad técnica para el mapeo de los suelos afectados por salinidad.

Aurora 3100 Game Master's Technical Manual Doug Jackson, *The Total Skywatcher's Manual* Astronomical Society of the Pacific, 2019-02-12 Star charts step by step projects photos and more.
