

Attention from UFO 'unreal'

By LaRue Hardinger
Staff Writer

FYFFE — Fyffe Police Chief Junior Garmany and assistant chief Fred Works, who 11 days ago got a close-up view of an unexplained, unidentified flying object three miles south of town, said reporters have kept them busy and have prompted some fun-poking that they believe is not really fair.

"This is unreal," Garmany said, producing a stack of telephone messages from reporters in Alabama, Illinois, Oregon, Kansas, Arizona, Maryland, Colorado, California and Ontario, Canada. "This is the first time we've run into anything like this."

Garmany said two earlier UFO sightings by police in the area in 1975 and in 1977 did not elicit a fraction of press coverage as the one that bewildered a score of DeKalb Countians on the night of Feb. 10.

Works, who has good-naturedly tolerated the teasing that followed news reports, said reporters have hounded him since the sighting "first hit the scanner."

UFOs Robert Powell, 2024-04-02 Robert Powell a founding Board member of the Scientific Coalition for UAP Studies has studied the UFO subject for 17 years His work is encapsulated in *UFOs A Scientist Explains What We Know And Don't Know* which provides a scientific rationale for the reality of non terrestrial craft that are intelligently controlled Powell begins his book by

familiarizing the reader with the history of UFOs and he identifies the more enigmatic and interesting UFO sightings He examines the characteristics of these sightings that argue against a prosaic explanation extreme acceleration electromagnetic interference bending light no obvious propulsion mechanisms and a lack of interaction with the atmosphere Powell discusses the recent events that have caused our government to change the term from UFO to UAP Included is information never before released indicating the government possesses not just two videos but five videos from 2015 of UFOs operating in the vicinity of the USS Roosevelt nuclear aircraft carrier Powell s later chapters in the book discuss the extraterrestrial hypothesis considering the thousands of exoplanets that have been discovered in the last twenty years Powell challenges the reader to consider all the implications that must be considered if intelligent life discovers us first He looks at how we as individuals and as a society react to UFOs He documents actions taken by our military that include instances when we have fired on UFOs Powell argues that it is time for a change in the study of UFOs The phenomenon has been with us for 75 years and we have learned very little as the decades have passed The author makes the case for what needs to be done going forward The solution he proposes will require a paradigm shift in our thinking and his book provides the information needed to understand that paradigm shift The Occult Connection Ken Hudnall,2004-10 This is a reprint of the 1989 cult classic involving connections between UFOs Secret Societies and Ancient Gods Hearings, Reports and Prints of the House Committee on Appropriations United States.
