

Cash flow - Sheet 1

William has just opened a small window cleaning business called Williams Windows. Unfortunately, after a spell of glorious sunshine, there has been a prolonged wet period of weather and many of his regular clients have cancelled their bookings for their windows to be cleaned. William has his works van booked in to have four new tyres and new brake pads which is scheduled for month 3. He is very worried about not being able to cover all of his operating costs, especially as he is approaching the winter season when sales are likely to be lower. Many of his customers pay at the end of the month for four weeks of cleaning. William is trying to forecast how much his business might be impacted by creating a cash flow forecast for the next six months.
