Uncovering Clinton Michael Isikoff, 2011-12-21 I realized something that should have been apparent to me much earlier I was in the middle of a plot to get the president A quarter of a century after Woodward and Bernstein s history making expose All the President s Men stunned the nation by capturing the Nixon presidency in the throes of turmoil Newsweek reporter Michael Isikoff gives us an equally explosive and surprisingly suspenseful behind the scenes account of his investigative role in the scandals that have rocked President Clinton s second term and led to the historic vote for impeachment that will define his presidency Isikoff who is credited with breaking the Paula Jones Kathleen Willey and Monica Lewinsky stories is universally acknowledged as the leading reporter who brought to light the incredible revelations about Clinton s personal and political lives that have consumed this country and shocked the world As a reporter for the Washington Post and Newsweek Isikoff has established himself as an astute observer and chronicler of Clinton s conduct

throughout his presidency following a trail of presidential misconduct from Little Rock Arkansas to the Oval Office But Isikoff also unwittingly became a primary character in the unfolding Clinton drama This is a story only he could tell a gripping narrative of how one journalist went from battling skeptical editors and a formidable White House spin machine in his quest for the truth about Clinton to becoming a central participant in one of the biggest scandals in American political history Featuring a cast of bizarre characters who make this book as entertaining to read as a novel Uncovering Clinton is also a nuanced and scrupulously fair account with a wealth of never before told information about the major players and events in the Clinton scandals including The real reasons why some Washington Post reporters and editors believed Paula Jones s story from the start and why Isikoff s story nonetheless was later killed before it ran How George Stephanopolous covered for Clinton as Isikoff pursued the Paula Jones story How Lucianne Goldberg s private notebook and tapes of her phone calls with Linda Tripp show that while Tripp was crying victim to the press she was really plotting to bring down the president and betray Monica Lewinsky and write a book about it all The real truth behind Hillary Clinton s oft cited vast right wing conspiracy a coterie of right wing lawyers known as the elves who secretly wrote the Jones legal briefs and arranged to bring the Lewinsky story to Ken Starr s office and to public light How Linda Tripp manipulated Ken Starr s prosecutors into launching a criminal investigation into the Lewinsky matter while withholding critical information including her repeated contacts with Isikoff Isikoff had no agenda when he started investigating President Clinton s conduct other than to get at the truth Now after accomplishing a remarkable case of journalistic detective work Isikoff gives us something even more significant a work that illuminates the psychologically troubling behavior of a president an Administration that has enabled his actions a motley crew of Clinton haters who would stop at nothing to topple the president and a rapidly changing media grappling with the ever shifting boundaries between public and private behavior Uncovering Clinton will surely be the definitive account of our nation s biggest political scandal since Watergate

The Clintons' War on Women Roger Stone,Robert Morrow,2016-09-06 This book on Hillary really tough President Donald Trump Hillary Clinton is running for president as an advocate of women and girls but there is another shocking side to her story that has been carefully covered up until now This stunning expos reveals for the first time how Bill and Hillary Clinton systematically abused women and others sexually physically and psychologically in their scramble for power and wealth In this groundbreaking book New York Times bestselling author Roger Stone and researcher and alternative historian Robert Morrow map the arc of Bill and Hillary s crimes and cover ups They reveal details about their actions in Arkansas during Bill Clinton s time in the White House about who really ordered the deadly attack on the Branch Davidian compound in Waco during Hillary s tenure as secretary of state about their time at the Clinton Foundation and during Hillary s current campaign for president This is the first book to shed light on the couple s deeply personal violations of the people they crushed in their obsessive quest for power Along the way Stone and Morrow reveal the family s darkest secrets including a Clinton family member s drug rehab treatment that

was never reported by the press Hillary Clinton's unusually close relationship with a top female aide and a stunning revelation of such impact that it could strip Bill Clinton of his current popularity and derail Hillary's push to be the second Clinton in the White House Anyone who cares about the future of the United States will want to read this tell all exposing the appalling unvarnished and ugly truth about the Clintons This paperback edition includes a new preface from Roger Stone revealing explosive new information he's learned since the hardcover's release

American Exceptionalism, the French Exception, and Digital Media Law Lyombe S. Eko, 2013-07-10 This volume explores the sameness and difference between the United States and France in the matters of freedom of expression on the Internet The United States and France are liberal democracies that are part of the Western family of nations However despite their many similarities they have a number of cultural and ideological differences The United States is generally France's ally in time of war and its cultural nemesis in time of peace One of the reasons for this unusual relationship is that the United States and France are self described exceptional countries The United States and France are therefore two Western countries separated by different exceptionalist logics Lyombe Eko uses this concept of exceptionalism as a theoretical framework for the analysis

of American and French resolution of problems of human rights and freedom of expression in the traditional media and on the Internet This book therefore analyzes how each country applies rules and regulations designed to manage a number of issues of media communication in real space to the realities and specificities of cyberspace within the framework of their respective exceptionalist logics The fundamental question addressed concerns what happens when rules and regulations designed to regulate the media in clearly defined national and regional geographic spaces are suddenly confronted with the new realities and multi communication platforms of the interconnected virtual sphere of cyberspace

Impeachment of President William Jefferson Clinton: Transcript of December 10, 1998 presentations by David Schippers and Abbe Lowell, Hearing ser. no. 19 United States. Congress Senate, 1999

The Clinton Wars Sidney Blumenthal, 2003-05-23 An invaluable history of an extraordinary presidency and the chronicle of a generation's political odyssey When in 1997 Bill Clinton appointed Sidney Blumenthal as a senior advisor the former writer was catapulted into the front lines of the Clinton wars From his first day in the White House until long after his appearance as the only presidential aide ever to testify in an impeachment trial Blumenthal acted in or witnessed nearly all the battles of the Clinton years This major book part history part memoir is the first inside account we have of the presidency of William Jefferson Clinton The Clinton Wars begins in 1987 when Blumenthal first met Bill and Hillary Clinton His chronicle of Clinton's first presidential campaign and first term draws on his experiences as confidant to both the President and the First Lady and is enriched with previously unpublished revelations about both This remarkable personal interpretation goes far in explaining the polarizing nature of Clinton's presence on the national scene The narrative of Clinton's second term is even more dramatic Blumenthal takes special note of the battle that was waged within the media between the President's detractors and defenders which he expands into a vivid picture of Washington society torn apart by warring factions But he does not neglect the wars fought on other fronts in Kosovo against Congress and for economic prosperity His remarkable book ends with the inside story of the fight to elect Al Gore in 2000 and extend the legacy of the Clinton Gore Administration Every page of this unrivaled authoritative book with its intimate insights into Clinton's personality and politics attests to Blumenthal's literary skill profound understanding of politics and unique perspective on crucial events of our recent past The Clinton Wars is a lasting contribution to American history
