1. Lucky you, you're #1, you get to start all the fun.
So grab a gift and grab it quick 'cause you're the one who gets first pick.
2. Number 2 you're on the way. It's time for you to have your say.
Get your gift and when you're done, swap it off with number 1.
3. Number 3 it's plain to see. It's your turn to pick which gift 'twill be.
And when your choosing job is through, swap with 1 and then with 2.
4. Number 4 must use your head. So grab a gift that has some red.
If it doesn't suit you to a 'T', you may swap with 2 or 3.
5. Jump to it 5, don't drag your feet; take your gift back to your seat.
Wonder of wonders, it's yours for a spell, but what comes next, you can never tell.
6. Number 6 it's your time to go, grab a gift and don't be slow.
Now put on a smile so they won't be sore, 'cause you must swap with #4.
7. 7's a lucky number it seems, you choose a gift that has some green.
Poke it, and shake it until you get back. Now trade with someone wearing black.
8. Number 8 it's up to you, to get a gift that has some blue.
Now go quietly to your place, or trade with someone with a smiling face.
9. Nine, we haven't forgotten you. So choose your gift and don't be blue. Consider well and when all is said, trade with someone wearing red.
10. Number 10 come to the front, for yours you shouldn't have to hunt.
Now hurry back and look alive, for you get to swap with #5.
11. Your turn 11 is finally here, pick a gift and hold it near.
Back at your seat look both ways, if your choice was right then it may stay.

people today we often hold forth a vision of human life in which everything fits together work family community and the common good Organizational leaders love this dream because frankly when people bring their whole selves to work they are more productive What's good for the company in this case looks to be good for the staff member too And that's no small accomplishment in a time when pandemic and racial inequity have made organizational leadership so economically and socially challenging But all too often this dream of holistic living and work relies too heavily upon the inner resources of individuals The result is burnout as leaders grow fatigued and team members feel manipulated This book's research among social entrepreneurs with close attention to the experience of entrepreneurs of color suggests that workplace communities have the economic and social resources needed for commonwealth But the goods remain latent Instead of obsessing about what individual inwardness can do we should catalyze those latent resources This book shows leaders how to start new conversations and tell new stories in order to cultivate spiritual capital and activate those latent goods
