J. Denny Weaver

White Womens Christ And Black Womens Jesus:

White Women's Christ and Black Women's Jesus Jacquelyn Grant, 1989 Christology is especially problematic for feminists Because Jesus was undeniably male and because the Christian church claims him as the unique God bearer feminist christology confronts the dual tasks of explaining the significance of a male God bearer for women and creating a christological model adequate to feminist experience Jacquelyn Grant rehearses the development and challenges of feminist christology and argues that because it has reflected the experience of White women predominantly it fails to speak to the concerns of non white and non western women In response to this failure Grant proposes a womanist theology and christology that emerge from and are adequate to the reality of contemporary Black women **Dictionary of Feminist Theology** Russell, Russell, David, 2004-01-01 Providing a tool for all who wish to learn about the growing fields of womanist mujerista Asian feminist and white Euroamerican feminist studies in religion this dictionary furnishes a pluralistic approach to feminist theologies guiding readers who are interested in all areas of Christian theology as they relate to feminism

Intersectional Identities of Christian Women in the United States Amanda Hernandez, 2024-09-15 In Intersectional Identities of Christian Women in the United States Faith Race and Feminism Amanda Hernandez explores the complex relationship between Christianity and feminism in the United States Often feminism and faith are seen as contradictory to each other Through sociological analysis that includes content analysis survey data and interviews with over forty Christian women the author argues this seeming contradiction is rooted in white supremacy Further she examines how whiteness racism and experiences of sexism shape feminist identities in religious contexts By centering the experiences of Christian women this study challenges existing narratives and calls for a more nuanced understanding of feminism and faith in the United States Imaginary Christs Richard Grigg, 2000-08-10 Discusses the issue of christological pluralism the panoply of competing visions of Christ that exist today and provides criteria for evaluating these Black Women's Intellectual Traditions Kristin Waters, Carol B. A Lynched Black Wall Street Jerrolyn S. Eulinberg, 2021-05-13 This book remembers one hundred years since Black Wall Street and it reflects on the 1921 Tulsa Race Massacre Black Wall Street was the most successful Black business district in the United States yet it was isolated from the blooming white oil town of Tulsa Oklahoma because of racism During the early twentieth century African Americans lived in the constant threat of extreme violence by white supremacy lynching and Jim and Jane Crow laws The text explores through a Womanist lens the moral dilemma of Black ontology and the existential crisis of living in America as equal human beings to white Americans This prosperous Black business district and residential community was lynched by white terror hate jealousy and hegemonic power using unjust laws and a legally sanctioned white mob Terrorism operated historically based on the lies of Black inferiority with the support of law and white supremacy Today this same precedence continues to terrorize the life experiences of African Americans The research examines Native Americans and African Americans the Black migration west the role of religion Black women s contributions lynching and the continued resilience of Black Americans

The Art of Contextual Theology Victor I. Ezigbo, 2021-05-28 Christianity has an inherent capability to assume as its novel mode of expression the local idioms customs and thought forms of a new cultural frontier that it encounters As a result Christianity has become multicultural and multilingual What is the role of theology in the imagination and articulation of Christianity s inherent multiculturalism and multi vernacularity Victor Ezigbo examines this question by exploring the nature and practice of contextual theology To accomplish this task this book engages the main genres of contextual theology explores echoes of contextual theological thinking in some of Jesus s sayings and discusses insights into contextual theology that can be discerned in the discourses on theology and caste relations Dalit theology theology and primal cultures African theology and theology and poverty Latin American liberation theology

The Nonviolent Atonement, Second Edition J. Denny Weaver, 2011-01-26 A provocative study that cuts to the very heart of Christian thought The Nonviolent Atonement challenges the traditional Anselmian understanding of atonement along with the assumption that heavenly justice depends on Christ s passive innocent submission to violent death at the hands of a cruel God Instead J Denny Weaver offers a thoroughly nonviolent paradigm for understanding atonement grounded in the New Testament and sensitive to the concerns of pacifist black feminist and womanist theology While many scholars have engaged the subject of violence in atonement theology Weaver s Nonviolent Atonement is the only book that offers a radically new theory rather than simply refurbishing existing theories Key features of this revised and updated second edition include new material on Paul and Anselm expanded discussion on the development of violence in theology interaction with recent scholarship on atonement and response to criticisms of Weaver s original work Praise for the first edition The best current single volume on reconstructing the theology of atonement S Mark Heim in Anglican Theological Review Weaver provides an important contribution to atonement theories by seriously inserting the

contemporary concerns of pacifist feminist womanist and black theologians into the centuries old christological conversation

A provocative but faithful proposal benefiting any student of christology

Reviews in Religion and Theology

[Women Encounter God](#) Linda A. Moody, 2003-10-24

Women Encounter God is one of the first books to explore the commonalities and convergences of women's theologies in the Americas

This critical comparative analysis of white feminist womanist and mujerista theologies focuses on how by placing their unique theologies in dialogue the rich contributions of each theology can inform the others

By looking at the key themes of empowerment embodiment and relationality

Moody examines how three different types of feminist theologians perceive God

She discusses the works of such representative theologians as white feminists Mary Daly Rosemary Ruether Sally McFague and Carter Heyward

Hispanic Latina theologians Ada Maria Isasi Diaz Yolanda Tarango and Elsa Tamez and womanist theologians Delores Williams Jacquelyn Grant and Katie Geneva Cannon as well as feminist theorists Chela Sandoval and Rosemary Tong

Women's Studies in Religion Kathleen McIntosh, Kate Bagley, 2017-09-19

Women's Studies in Religion

A Multicultural Reader uses essays written by today's most respected feminist voices to examine the impact of contemporary feminism on the practice and study of religion

Many in the field have expressed the need for a reader that is both accessible to undergraduates who have little background in the study of religion and that shows the transforming impact of feminism on the religious lives of American women

This book meets that need

An Introduction to Womanist Biblical Interpretation Nyasha Junior, 2015-10-30

An Introduction to Womanist Biblical Interpretation provides a much needed introduction to womanist approaches to biblical interpretation

It argues that womanist biblical interpretation is not simply a byproduct of feminist biblical interpretation but part of a distinctive tradition of African American women's engagement with biblical texts

While womanist biblical interpretation is relatively new in the development of academic biblical studies African American women are not newcomers to biblical interpretation

Written in an accessible style this volume highlights the importance of both the Bible and race in the development of feminism and the emergence of womanism

It provides a history of feminist biblical interpretation and discusses the current state of womanist biblical interpretation as well as critical issues related to its development and future

Although some African American women identify themselves as womanists the term its usage its features and its connection to feminism remain widely misunderstood

This excellent textbook is perfect for helping to introduce readers to the development and applications of womanist biblical interpretation

The Bible and Feminism Yvonne Sherwood, 2017-11-24 This groundbreaking book breaks with established canons and resists some of the stereotypes of feminist biblical studies. It features a wide range of contributors who showcase new methodological and theoretical movements such as feminist materialisms, intersectionality, postidentitarian, nomadic politics, gender archaeology, and lived religion and theories of the human and the posthuman. *The Bible and Feminism: Remapping the Field* engages a range of social and political issues including migration and xenophobia, divorce and family law, abortion, pinkwashing, the neoliberal university, the second amendment, AIDS and sexual trafficking, and the politics of the veil. Foundational figures in feminist biblical studies work alongside new voices and contributors from a multitude of disciplines in conversations with the Bible that go well beyond the expected canon within the canon assumed to be of interest to feminist biblical scholars. Moving beyond the limits of a text-orientated model of reading, this collection looks at how biblical texts were actualized in the lives of religious revolutionaries such as Joanna Southcott or Sor Juana Inés de la Cruz. It charts the politics of the Pauline veil in the self-understanding of Europe and reads the genealogical halls in the book of Chronicles alongside acts of commemoration and forgetting in 9/11 and Tiananmen Square.

The British Christian Women's Movement Jenny Daggars, 2018-05-08 This title was first published in 2002. This book presents a timely study of a neglected British Christian women's movement. Jenny Daggars charts the inception of the movement in the exciting times of the post-sixties decades amid new currents generated in the British denominational churches and the wider current of Women's Liberation. Focusing on Christian women's concern with the position of women in the church, this book identifies a core Christian women's theology which affirms a rehabilitated new Eve in Christ and so contrasts with a concurrent paradigm shift taking shape in North American feminist theology. Daggars argues that this divergence is primarily due to the effect of the prolonged Church of England women's ordination debate upon the ethos of the British Christian women's movement.

Spirituality in the Workplace: A Philosophical and Social Justice Perspective Marilyn Y. Byrd, 2017-01-11 Missing from the discourse on spirituality are the injustices experienced in the workplace particularly by individuals marginalized by social group identity or affiliation. This is a critical omission in that spirituality can stimulate reflection, response, healing, and transformation of the soul. Filling the gap by addressing the role of spirituality in relation to meaningful work, this volume extends ideas about teaching and learning about spirituality to workplace settings including the transformative learning theory. In seeking ways to promote moral and socially responsible workplaces and to establish a new way of thinking, the volume lays down a philosophical framework for spirituality in the workplace as a means of emancipation and social justice and shows how the workplace can be a fruitful context for social justice education. This is the 152nd volume of the Jossey-Bass series *New Directions for Adult and Continuing Education*. Noted for its depth of coverage, it explores issues of common interest to instructors, administrators, counselors, and policymakers in a broad range of education settings such as colleges and universities, extension programs, businesses, libraries, and museums.
