Documents of the African Commission on Human and Peoples' Rights - Volume 1, 1987-1998 Rachel

Murray, Malcolm Evans, 2001-11-06 Fourteen years since its establishment the work of the African Commission on Human and Peoples Rights has not received the attention that should have been paid to its important contributions towards the promotion and protection of human rights in Africa The aim of this publication is to provide not only the basic documents but also the less well known material related to the jurisprudence emanating from the consideration of communications This volume therefore includes amongst other material the twelve activity reports adopted by the Commission resolutions and final communiqués from the sessions This is the first attempt to reproduce comprehensively the many documents of the Commission adopted since its inception in 1987 It will be an essential reference for academics students and practitioners The publication is produced in collaboration with the African Society for International and Comparative Law the Centre for Human Rights at the University of Pretoria and Interights in London

Multilateralism and Regionalism in Global Economic Governance Junji Nakagawa, 2012-03-29 The book deals with the better governance of trade investment and finance in Asia It provides readers with clear and broad ideas as to what opportunities and challenges Asia is facing in the governance of trade investment and finance in the region as well as globally which has so far been almost inexistent both in academia and in practice

Food Riots, Food Rights and the Politics of Provisions Naomi Hossain, Patta Scott-Villiers, 2017-09-25 Thousands of people in dozens of countries took to the streets when world food prices spiked in 2008 and 2011 What does the persistence of popular mobilization around food tell us about the politics of subsistence in an era of integrated food markets and universal human rights This book interrogates this period of historical rupture in the global system of subsistence getting behind the headlines and inside the politics of food for people on low incomes The half decade of 2007 2012 was a period of intensely volatile food prices as well as unusual levels of popular mobilization including protests and riots Detailed case studies are included here from Bangladesh Cameroon India Kenya and Mozambique The case studies illustrate that political cultures and ways of organizing around food share much across geography and history

indicating common characteristics of the popular politics of provisions under capitalism However all politics are ultimately local and it is demonstrated how the historic fallout of a subsistence crisis depends ultimately on how the actors and institutions articulate negotiate and reassert their specific claims within the peculiarities of each policy A key conclusion of the book is that the politics of provisions remain essential to the right to food and that they involve unruliness In other words food riots work The book explains how and why they continue to do so even in the globalized food system of the 21st century Food riots signal a state unable to meet a principal condition of its social contract and create powerful pressure to address that most fundamental of failings

Diplomatic Interference and the Law Paul Behrens, 2016-05-05 Diplomatic interference carries considerable potential for disruption In this context diplomats have been accused of insulting behaviour the funding of political parties incitement to terrorism and even attempts to topple the host government Reactions can be harsh expulsions are common and occasionally diplomatic relations are severed altogether But an evaluation under international law faces challenges Often enough charges of interference are made when legitimate interests are involved for instance when diplomats criticise the human rights record of their hosts In such cases diplomats may be able to invoke grounds which are recognised under international law On the basis of more than 300 cases of alleged diplomatic interference and the practice of about 100 States and territories Diplomatic Interference and the Law provides an examination of the main areas in which charges of meddling have arisen such as lobbying activities contacts with the opposition propaganda the use of threats and insults and the granting of asylum It analyses situations in which the sovereignty of the receiving State meets competing interests and offers solutions which avoid a conflict of norms It concludes with useful advice for foreign offices and diplomatic agents and underlines the most efficient ways of dealing with situations of alleged interference A book that is here to stay It is essential reading for diplomats academics journalists students and everyone who has an interest in international law and justice Based on rigorous research Paul Behrens book offers new and thoughtful perspectives on the Vienna Convention on Diplomatic Relations which we drafted in 1961 It demonstrates just how important it is to have a lawyer of his impartiality and integrity if we want to reach peaceful and lasting solutions in international relations Diplomatic Interference and the Law has the makings of an instant classic and I have no doubt that it will pave the way for the sorely needed reform of diplomatic law Dr Nelson Iri iz Cas s Vice President of the Committee of the Whole of the Vienna Conference on Diplomatic Relations in 1961 former Head of the diplomatic missions of Uruguay to Austria Czechoslovakia Hong Kong Denmark and Sweden author of *Corrupci n en la ONU* Dr Behrens s book rigorously analyses the legal doctrine of non interference by diplomats in their hosts internal affairs and how it may conflict with legal obligations to combat for example denial of self determination and breaches of human rights Exhaustively researched and in accessible language with copious often entertaining examples it will be an indispensable guide for diplomats Behrens on diplomatic interference will be cited as the definitive authority on the matter for the foreseeable future I recommend this book to diplomats lawyers and the general reader they will all read and refer to it with profit and immense pleasure Sir Brian Barder KCMG BA Cantab is a

former British ambassador to Ethiopia Benin and Poland and High Commissioner to Nigeria and Australia Paul Behrens book breaks new ground It is the first study to focus on the vexed question of diplomatic meddling in the domestic affairs of the receiving State It has heightened topicality as many Western governments in their concern to promote human rights and democracy urge their diplomats to be active in their support of civil society particularly in countries with authoritarian governments This book is replete with case studies covering the 50 years since the signature of the Vienna Convention and provides an invaluable pathway through this legal minefield Sir Ivor Roberts KCMG FCIL President of Trinity College Oxford Former British Ambassador to Yugoslavia Ireland and Italy *The Zoological Record* ,2003 *Bibliographies and Literature of Agriculture* ,1978 **Resources in Education** ,1997
