

Credit Card Processing Structures

Tiered Pricing

Many processors will use this method to hook you in by advertising qualified rates and then charge you expensive hidden fees after signing up.

Membership pricing

This method charges businesses a monthly membership fee. Excellent option for transparent expenses.

Flat rate pricing

Enforces a fixed amount and/or percentage for every credit card transaction. Size of the order doesn't affect structure.

Interchange-plus pricing

In this method you pay a specific amount for every transaction, a percentage of total, and an interchange rate.
