

American Government/American History

EOC Study Guide

ENLIGHTENMENT ERA (1600 – 1800)

- The Enlightenment was a 17th century intellectual movement.
- It worked to limit the power of monarch governments (kings and queens) and religious leaders.
- Other important Enlightenment ideas include popular sovereignty and natural rights.
- John Locke believed the job of government was to protect the rights of people or be overthrown, and his ideas greatly influenced the American colonists.
- Major Enlightenment thinkers:
 - Locke = Natural Rights
 - Montesquieu = Separation of Powers
 - Voltaire = Freedom of Speech
- Enlightenment ideas led to the American Revolutionary War, the Declaration of Independence, U.S. Constitution, Bill of Rights, and the French Revolution.

INDUSTRIAL REVOLUTION (CONTINUED)

- Urbanization led to several negative effects:
 - Pollution
 - Dangerous working conditions
 - Long hours and low wages
 - Child labor
 - Slums and poor housing conditions
 - Cramped living spaces and rampant diseases
- Labor unions formed to combat terrible working conditions in factories and sought better pay, shorter hours, and improved conditions.
- Henry Ford – founder of the Ford Motor Company – used the assembly line to produce his cars fast and cheap. This revolutionized manufacturing and gave rise to specialized labor.

INDUSTRIAL REVOLUTION (1750 – 1900)

- The Industrial Revolution took place in the late 1700s in Europe and in the early 1800s in America, and it was a time of technological innovation.
- Improved agricultural technology, like steam-powered tractors and large-scale food processing factories led to increased food yields.
- Railroad linked cities, brought materials to factories more efficiently, increased trade between cities and countries, and allowed people to move more freely.
- Many people moved from rural areas to cities to find work in newly built factories, a movement known as urbanization.

Adopting the Song of Appearance: An Psychological Symphony within **Us History Study Guide American Republic**

In some sort of eaten by screens and the ceaseless chatter of fast communication, the melodic splendor and psychological symphony produced by the prepared term usually diminish in to the backdrop, eclipsed by the persistent noise and interruptions that permeate our lives. However, set within the pages of **Us History Study Guide American Republic** a marvelous fictional treasure filled with organic thoughts, lies an immersive symphony waiting to be embraced. Crafted by a wonderful musician of language, that fascinating masterpiece conducts viewers on a mental trip, skillfully unraveling the hidden melodies and profound impact resonating within each cautiously constructed phrase. Within the depths of the touching examination, we shall explore the book is central harmonies, analyze their enthralling publishing fashion, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
