U.S. News & World Report, 2009 **U.S. News and World Report**, 2007 *Women in Pediatrics* Nancy D. Spector, Jennifer K. O'Toole, Barbara Overholser, 2022-05-11 Women comprise the majority of pediatricians in the United States and yet there has been slow progress in leadership diversity and equity in the field overall While there have been many academic journal articles that examine women's roles challenges and successes in the field there is not one overarching book that follows the path of women into the profession the challenges they encountered in the early years and still encounter the successes they've had and what the future might look like This book fills that gap in medical literature Because women are so well represented in the field one would think that pediatrics should be leading the way in gender equity achievements but this is not the case This text examines the disparities the boundaries that are in place the impact of intersectionality on equity the toll gender discrimination has on the health and wellness of women in pediatrics and best practices that can help achieve gender equity in the field The COVID 19 pandemic has exacerbated the disparities that women and in particular women with intersectionality face This book also examines the immediate impact of the pandemic on women in pediatrics what future implications may be and how we can potentially mitigate them Equity strategies that can be implemented by healthcare institutions professional societies and other medical organizations are also discussed The book is divided into three main sections The first section gives an overview of the history of women in pediatrics by describing stories of early leaders and the early days of women in pediatrics The second section reviews the current state of affairs in women in pediatrics Chapters in this section detail women entering and practicing in pediatrics leadership women of color women conducting research national campaigns and efforts focused on gender equity and childbearing adoption motherhood and eldercare by women in pediatrics The final section describes the future of women in pediatrics The seven chapters in this section discuss leaders in pediatrics supporting women policies and programs to advance equity allies in gender equity efforts research funding and publication for women networking mentorship sponsorship coaching and career development activities advocacy efforts and supporting the health and wellbeing of women in pediatrics Written by experts in the field *Women in Pediatrics* is a valuable resource for all pediatricians in academic or community based medicine as well as those involved in pediatric sub specialties On a broader level this text is also of interest to all other women involved in medicine and science *Pediatric Neuropsychology, Second Edition* Keith Owen Yeates, M.
