

Quoting Dialogue Example

The final exchange between Desiree and Armand illustrates, finally, Desiree's utter dependence on Armand:

He said nothing. "Shall I go, Armand?" she asked in tones sharp with agonized suspense.

"Yes, go."

"Do you want me to go?"

"Yes, I want you to go." (Chopin)

Tragically, this exchange and the dependence it illustrates lead directly to Desiree's death, both emotionally and physically.

Dialogue Games L. Carlson, 2012-12-06 This essay constitutes yet another approach to the fields of inquiry variously known as discourse analysis discourse grammar text grammar functional 1 syntax or text linguistics An attempt is made to develop a fairly abstract unified theoretical framework for the description of discourse which actually helps explain concrete facts of the discourse grammar of a natural language 2 This plan is reflected in the division of the study into two parts In the first part a semiformal framework for describing conversational discourse is developed in some detail In the second part this framework is applied to the functional syntax of English The relation of the discourse grammar of Part II to the descriptive framework of Part I can be instructively compared to the relation of Tarskian semantics to model theory Tarski's semantics defines a concept of truth of a sentence in a model an independently identified construct Analogously my rules of discourse grammar define a concept of appropriateness of a sentence to a given context The task of the first Part of the essay is to characterize the relevant notion of context Although my original statement of the problem was linguistic how to describe the meaning or function of certain aspects of word order and intonation Part I is largely an application of various methods and results of philosophical logic The justification of the interdisciplinary approach is the simplicity and naturalness of the eventual answers to specific linguistic problems in Part II

Laughter in the Middle Ages and Early Modern Times Albrecht Classen,2010-09-22 Despite popular opinions of the dark Middle Ages and a gloomy early modern age many people laughed smiled giggled chuckled entertained and ridiculed each other This volume demonstrates how important laughter had been at times and how diverse the situations proved to be in which people laughed and this from late antiquity to the eighteenth century The contributions examine a wide gamut of significant cases of laughter in literary texts historical documents and art works where laughter determined the relationship among people In fact laughter emerges as a kaleidoscopic phenomenon reflecting divine joy bitter hatred and contempt satirical perspectives and parodic intentions In some examples protagonists laughed out of sheer happiness and delight in others because they felt anxiety and insecurity It is much more difficult to detect premodern sculptures of laughing figures but they also existed Laughter reflected a variety of concerns interests and intentions and the collective approach in this volume to laughter in the past opens many new windows to the history of mentality social and religious conditions gender relationships and power structures

Interpreting Interreligious Relations with Wittgenstein: Philosophy, Theology and Religious Studies

,2019-09-02 This volume argues that Wittgenstein s philosophy of religion and his thought in general continue to be highly relevant for present and future research on interreligious relations Spanning several sub disciplines from philosophy of religion philosophy of language comparative philosophy comparative theology to religious studies the contributions engage with recent developments in interpretation of Wittgenstein and those in the philosophy and theology of interreligious encounter The book shows that there is an important and under explored potential for constructive and fruitful engagement between these academic fields It explores and attempts to realize some of this potential by involving both philosophers and

theologians and critically assesses previous applications of Wittgenstein's work in interreligious studies Contributors are Gorazd Andrej Guy Bennett Hunter Mikel Burley Thomas D Carroll Paul Cortois Rhiannon Grant Randy Ramal Klaus von Stosch Varja trajn Nuno Venturinha Sebastjan V r s and Daniel H Weiss *The Notwithstanding Clause and the Canadian Charter* Peter L. Biro, 2024-04-02 Section 33 what is commonly referred to as the notwithstanding clause NWC was written into the Canadian Charter of Rights and Freedoms to allow Parliament and the provinces to provisionally override certain Charter rights The Notwithstanding Clause and the Canadian Charter examines the NWC from all angles and perspectives considering who should have the last word on matters of rights and justice the legislatures or the unelected judiciary and what balance liberal democracy requires In the case of Quebec the use of the clause has been justified as necessary to preserve the province's culture and promote its identity as a nation Yet Quebec's pre-emptive and sweeping invocation of the clause also challenges the scope of judicial review and citizens recourse to it and it tests the assumption that a dialogue between the judiciary and the legislature is always preferable in instances in which the legislative branch decides to suspend the operation of certain Charter rights and freedoms By virtue of its contested purposes interpretations operation and applications the NWC represents and to an extent defines both the character and the very real vulnerabilities of liberal constitutionalism in Canada The significance effects and legitimacy of the NWC have been vigorously debated within scholarship and among politicians and activists since the patriation of the Canadian Constitution in 1982 In *The Notwithstanding Clause and the Canadian Charter* leading scholars jurists and policy experts elucidate and prescribe reforms to the application of this consequential clause about which so much is written and around which there is relatively little consensus *Spiritual Humanism and Economic Wisdom* Hendrik Opdebeeck, László Zsolnai, 2011
