establishment of the State of Israel in 1948 an astounding 45 000 of Bulgaria s 50 000 Jews left voluntarily for Israel This  
mass exodus was remarkable considering that Bulgaria was the only Axis power to prevent the deportation of its Jews to the  
death camps during World War II After their arrival in Israel the Jews of Bulgaria were recognized as a model immigrant  
group in a fledgling state attempting to absorb hundreds of thousands of newcomers from more than eighty countries They

the factors that motivated them to leave their homeland this book documents the journey of the Bulgarian Jews to Israel and  
their adaptation to life there      *The Great Wall of Confinement* Philip F. Williams,Yenna Wu,2004-08-17 China is so big and  
so diverse that as in the proverbial blind man touching an elephant contemporary descriptions that vary dramatically can all  
be true Few visitors to glittering Shanghai of Shenzhen for example will get any impression of the gaping gray maw of the  
government s prison camp system that Philip Williams and Yenna Wu basing themselves on a vast range of Chinese sources  
illuminate in erudite detail The authors look at every facet of the camps place them within China s historical tradition and  
compare them with modern analogues Throughout literary and autobiographical sources give the feel for the deadening  
world of the camps Perry Link author of *The Uses of Literature Life in the Socialist Chinese Literary System* The Great Wall  
of Confinement deals with issues ranging from the legal grounding or the lack of any of the Chinese concentration camp  
system to its technical implementation its discursive manifestation and its physical as well as psychological impact A book  
like this is long overdue With this work Williams and Wu have made an important contribution to the fields of Chinese legal  
and literary studies David Der wei Wang author of *The Monster That Is History* The Great Wall of Confinement is an excellent  
book It synthesizes an already significant corpus of writings on Chinese prisons and labor camps marshals an array of literary  
sources as essential historical source materials and compares the literature of Chinese incarceration with its Soviet and  
European counterparts The value of this important study stems equally from its tone a rare combination of a level headed  
quality with a very fine sensitivity to the human tragedy recounted in this literature Jean Luc Domenach author of *O va la  
Chine Where does China Go* The Great Wall of Confinement has attempted to lift part of the veil on China s long lasting  
tragedy the use of imprisonment torture forced labor against its citizens whether criminals feeble minded or simply political  
opponents The angle is new the question is to find out how Chinese have written on this subject whether in fiction or  
reportage the way they went about telling their stories how much they said or withheld Through Philip Willams and Yenna  
Wu s thought provoking analysis of such writings of the cultural origins of forced labor and imprisonment in imperial and

Communist China one comes closer to this sinister reality which remains to this day one of the best kept secrets of our planet

temporal semantics of FRONT BEHIND expressions This book refines the cognitive linguistic approach to temporal metaphor by analyzing the extensive temporal structure in what has been considered the source domain of space and showing how temporal metaphors can be better understood by downplaying the space time dichotomy and analyzing metaphor structure in terms of conceptual frames This book is of interest to linguists psychologists anthropologists philosophers and others who may have wondered about relationships between space and time [Catalog of Copyright Entries](#) Library of Congress.
