Performance by Content Area National Percentile Scale

**Total Score consists of Reading, Language, Mathematics

E

Observations

The height of each bar shows your student's National Percentile score on each test. The percentile scale is shown on the left. The graph shows that your student achieved a National Percentile of 44 in Reading. This means your child scored higher than approximately 44 percent of the students in the nation.

The scale on the right side of the graph shows the score ranges that represent average, above average, and below average in terms of National Percentiles. Average is defined as the middle

50 percent of students nationally, consisting of the 25th through the 75th National Percentiles. Your student has thirteen out of thirteen scores in the average range, shown as a gray horizontal band in the middle of the graph. No scores are in the above-average range and no scores are in the below-average range.

See the back of this page for content area descriptions of the kinds of knowledge, skills, and abilities assessed on the TerraNova, Third Edition achievement test.
