18. "Advancement of international trade of a country is an index to its economic prosperity." Support the statement with three arguments.

Answer:

Advancement of international trade of a country is an index of its economic prosperity. The following points can justify the statement.

- No country can survive without international trade because resources are space bound.
 - Advancement of international trade of a country leads to its economic prosperity because such a trade provides so many jobs to workers as well as business to traders.
 - It is through international trade that we earn much of our foreign exchange which is required for importing many essential goods.
 - Foreign trade helps in transfer of technology.
 - International trade gives rise to competition. Domestic producers make their production process efficient to meet the international standards and then, are able to compete.
