Wells, 2017-12-06 *A Short History of the World* is a period piece, non-fictional historic work. The book was largely inspired by Wells's earlier 1919 work *The Outline of History*. It summarises the scientific knowledge of the time regarding the history of Earth and life and begins with its origins, goes on to explain the development of the Earth and life on Earth, reaching primitive thought and the development of humankind from the Cradle of Civilisation. The book ends with the outcome of the First World War, the Russian famine of 1921 and the League of Nations in 1922. Legacy of Hate: A Short History of Ethnic, Religious and Racial Prejudice in America Philip Perlmuter, 2015-07-17 For all its foundation on the principles of religious freedom and human equality, American history contains numerous examples of bigotry and persecution of minorities. Now author Philip Perlmuter lays out the history of prejudice in America in a brief, compact and readable volume. Perlmuter begins with the arrival of white Europeans, moves through the eighteenth and industrially expanding nineteenth centuries, the explosion of immigration and its attendant problems in the twentieth century, and a fifth chapter explores how prejudice, racial, religious and ethnic, has been institutionalized in the educational systems and laws. His final chapter covers the future of minority progress.
