

The background of the slide is a scenic photograph of a river. The river flows from the foreground towards the background, reflecting the sky and the surrounding greenery. The banks are covered in dense, vibrant green vegetation. In the distance, there are rolling hills or mountains under a clear blue sky. The overall atmosphere is peaceful and natural.

**Displacing Fictions of Orhan Pamuk**

Hande Gürses, 2023-11-21 Displacing Fictions of Orhan Pamuk Beyond the Bridge questions the prevailing relevance and violence of the bridge metaphor for literature through new readings of Orhan Pamuk This book argues that despite its association with connection dialogue and reconciliation the bridge is an inherently violent structure that controls movement by regulating it Drawing on deconstruction and Derrida the author argues for a rethinking of the intrinsic connection between the bridge and the writings of Orhan Pamuk Exploring Pamuk's significance as an author of the world literature canon this book investigates the history and theory of the discipline as a bridge Identifying new metaphors in Pamuk's work Hande Gürses shows the political potential of moving beyond the bridge As people, lands and ideas keep moving Displacing Fictions of Orhan Pamuk argues for an urgent need for new metaphors to understand and represent the realities of our contemporary world The Editor, 1927 **Edward Thomas: Prose Writings: A Selected Edition** Edna

Longley, 2023-10-12 Edward Thomas can be seen as the most important poetry critic in the early twentieth century Thomas was a prose writer before he was a poet The Selected Edition of his prose and especially this volume shows that he was also a critic before he was a poet His unusual literary career opens up key questions about the relation between poetry and criticism as well as between poetry and prose Thomas wrote books about poetry but his criticism mainly took the form of reviews He reviewed collections, editions and studies of poetry most regularly for the Daily Chronicle and the Morning Post These reviews amount to a unique commentary on the state of poetry and of poetry criticism after 1900 Since reviewing provided Thomas's main income he also reviewed other kinds of book Hence the sheer mass of his reviews the stress he suffered as a literary journalist Yet his criticism maintains an astonishingly high standard Thomas's response to contemporary poetry intersects with his readings of older poetry No critic or poet of the time was so deeply acquainted with the traditions of English language poetry or so alert to new poetic movements in Ireland and America Edward Thomas's writings on poetry have a double importance Besides suggesting the hidden evolution of his own aesthetic they constitute a lost history and critique of poetry before the Great War They change our assumptions about that period Thomas's perspectives on poets such as Yeats, Hardy, Frost, Lawrence and Pound illuminate the making of modern poetry *The Inner Consultation* Roger Neighbour, 2018-02-06 The Inner Consultation Second Edition sets out the author's thoughts on how consulting skills and methods of teaching them have evolved in the 17 years since the book's first publication It also develops the theme of curiosity as the key requirement for patient-centred consulting and provides a practical consultation model with five checkpoints to work to advice for developing skills and suggestions for doctors to ensure they know the cues in the consultation that require their full attention All general practitioners, GP registrars and medical professionals will find this book essential and thought provoking reading *The Grammar, History, and Derivation of the English Language, with*
