Simkin, 1996 This work is the only comprehensive guide to sequels in English with over 84 000 works by 12 500 authors in 17 000 sequences **Saint Cicero and the Jesuits** Robert Aleksander Maryks, 2016-04-08 In this commanding study Dr Maryks offers a detailed analysis of early modern Jesuit confessional manuals to explore the order's shifting attitudes to confession and conscience Drawing on his census of Jesuit penitential literature published between 1554 and 1650 he traces in these works a subtly shifting theology influenced by both theology and classical humanism In particular the roles of Tutorism whereby an individual follows the law rather than the instinct of their own conscience and

Probabilism which conversely gives priority to the individual's conscience are examined. It is argued that for most of the sixteenth century books such as Juan Alfonso de Polanco's Directory for Confessors espousing a Tutorist line dominated the market for Jesuit confessional manuals until the seventeenth century by which time Probabilism had become the dominating force in Jesuit theology. What caused this switch from Tutorism to Probabilism forms the central thesis of Dr Maryks's book. He believes that as a direct result of the Jesuits' adoption of a new ministry of educating youth in the late 1540s Jesuit schoolmasters were compelled to engage with classical culture, many aspects of which would have resonated with their own concepts of spirituality. In particular Ciceronian humanitas and civiltas along with rhetorical principles of accommodation influenced Jesuit thinking in the revolutionary transition from medieval Tutorism to modern Probabilism. By integrating concepts of theology, classical humanism and publishing history, this book offers a compelling account of how diverse forces could act upon a religious order to alter the central beliefs it held and promulgated. This book is published in conjunction with the Jesuit Historical Institute series Bibliotheca Instituti Historici Societatis Iesu.

The Peel Sessions Ken Garner, 2010-12-15 This is a story of teenage dreams which as any Peel fan knows are hard to beat. Between 1967 and 2004 John Peel picked over 2000 bands to come and record over 4000 sessions to be played on his radio show. Many were young and had never been in a recording studio before, for some it was the start of an illustrious career, for others it was the only recognition their musical talent ever got. For over 35 years the cream of British musical talent made the journey to the BBC's studio in Maida Vale, from Pink Floyd to Pulp, the Small Faces to the Smiths. And because John Peel was so respected, his sessions took on a legendary status; they were a rite of passage that every new band wanted to go through. Unfettered by commercial pressure, the Peel Sessions were a unique British institution, an archive of music that reflects one man's passion for finding and encouraging new music. Includes a full sessionography listing songs, band members and broadcast dates.

Jarvis Cocker writing about his first Peel Session: aged 18 Wayne the drummer was 15. We travelled down to Maida Vale in a van driven by a very strange man we'd contacted via a card pinned to the Virgin record shop noticeboard. We'd had to borrow lots of equipment from a band called The Naughtiest Girl. Was a monitor cause we didn't have enough stuff of our own. The session was to be produced by Dale Griffin who used to be the drummer in Mott the Hoople. I seem to remember that he was wearing cowboy boots. I think the crisis point came when Wayne was attempting to get a home-made synth drum to work that a friend of his at school had made out of a rubber burglar alarm mat and an old electronic calculator. Dale Griffin looked at this 15-year-old kid crouching on the floor bashing what looked like a doormat with some wires coming out of it and just put his head in his hands. But to his credit the session did get finished and after it everything else started for me.

Understanding Watchman Nee Dongsheng John Wu, 2012-04-01 This book situates Nee's view within the rich heritage of the Protestant, Catholic and Eastern Orthodox spiritual traditions and thus renders Nee's thought more intelligible to Christians of both evangelical and more liberal

persuasions In this book Dongsheng John Wu examines Watchman Nee s thought on the spiritual life focusing on the relationship between spiritual formation and spiritual knowledge Different ways of acquiring spiritual understanding are explored including the respective roles of divine illumination intellectual studies and life circumstances Understanding Watchman Nee begins by synthesizing strategic aspects of Nee s teachings as well as formative events and sources in the development of Nee s own spirituality and theology It then utilizes the critical work of contemporary theologian Mark McIntosh to bring Nee s voice into dialogue with some important figures in the history of Christian spirituality Such interactions reveal that Nee s crucial theological convictions exhibit strong parallels with related themes found in the church s spiritual or mystical treasures **Ladies' Home Companion** ,1912 **Bibliography of the History of Medicine** ,1979
