

THE HEART SUTRA

The Bodhisattva of Great Compassion, when deeply practicing Prajna Paramita , realized that all five aggregates are empty, and became free from all suffering and distress.

Oh, Shariputra, form does not differ from emptiness, emptiness does not differ from form. Form is emptiness, emptiness is form. The same is true of sensations, perceptions, impulses, conscious.

Oh, Shariputra, all dharmas are empty, they do not appear or disappear, are not tainted of pure, do no increase or decrease.

Therefore in emptiness, no form, no sensations, no perceptions, no impulses, no consciousness.

No eyes, no ears, no nose, no tongue, to body, no mind; no form, no sound, no smell, no taste, no touch, no object of mind; no real of eye, ear, nose, tongue, body or mind consciousness.

No ignorance, nor extinction or ignorance, no old and and death nor extinction of them. No suffering, no cause of suffering, no cessation of suffering; no path, no wisdom, no attainment with nothing to attain.

The Bodhisattva relies on Prajna Paramita, therefore the mind has no hindrance, without any hindrance, no fears exist; free from delusion one dwells in Nirvana.

All buddhas of the past, present and future rely on Prajna Paramita and attain supreme enlightenment. Therefore know that Prajna Paramita is the great mantra, is the great enlightening mantra, is the unsurpassed and unequalled mantra, which is able to eliminate all suffering. This is true, not false.

So proclaim the Prajna Paramita mantra, which says:

Gone...gone...gone beyond...far beyond...now awakened.

Lopez, 1988-01-01 Renowned for its terse declaration of the perfection of wisdom the Heart Sutra is the most famous of Buddhist scriptures The author draws on previously unexamined commentaries preserved only in Tibetan to investigate the meanings derived from and invested into the sutra during the later period of Indian Buddhism The Heart Sutra Explained offers new insights on form is emptiness emptiness is form on the mantra gate gate paragate parasamgate bodhi svaha and on the synthesis of Madhyamika Yogacara and tantric thought that characterized the final period of Buddhism in India It also includes complete translations of two nineteenth century Tibetan commentaries demonstrating the selective appropriation of Indian sources

Shiu, 2025-11-06 In *The Heart Sutra Revisiting Its Texts History and Meaning* Henry C H Shiu investigates the historical origins of the Heart Sutra a significant Buddhist scripture He compares the Sanskrit texts with their Chinese and Tibetan translations to analyse whether the Heart Sutra might be a Chinese apocryphon through detailed linguistic examination To achieve this goal Shiu thoroughly examines the primary sources from which the scripture was extracted He emphasises the necessity of reading the Heart Sutra in the larger context of the Perfection of Wisdom literature which contains the essence of Mahayana Buddhist teaching In this monograph Shiu successfully transcends the boundaries between the Chinese Indian and Tibetan Buddhist traditions and provides a revisionist interpretation of the Heart Sutra

Wisdom Beyond Words Sangharakshita, 2013-06-14 Ever since the Buddha's lifetime people have been trying to express the ultimate meaning of Buddhism in a form that makes complete rational sense The Prajnaparamita or Perfection of Wisdom teachings offer a giddy counterbalance to this exercise Emerging 2000 years ago as the core teachings of Mahayana Buddhism texts such as the Ratnaguna samcayagatha the Diamond Sutra and the Heart Sutra gave new impetus to the ideal of the Bodhisattva one whose energies are dedicated to the attainment of enlightenment for the sake of all beings

Seeking the God Beyond J. P. Williams, 2019-07-29 Apophatic theology or negative theology attempts to describe God the Divine Good by negation to speak only in terms of what may not be said about the perfect goodness that is God It is a way of coming to an understanding of who God is which has played a significant role across centuries of Christian tradition but is very often treated with suspicion by those engaging in theological study today This book seeks to introduce students to this oft misunderstood form of spirituality Beginning by placing apophatic spirituality within its biblical roots the book later considers the key pioneers of apophatic faith and a

diverse range of thinkers including C S Lewis and Keats to inform us in our negative theological journey A final section explores what difference a negative theological approach might make to our practice and our liturgy The Heart Attack Sutra Karl Brunnholzl,2016-12-13 A guide to the famous Heart Sutra that reveals the tenderness and compassion underlying the striking rhetoric of this popular Buddhist text The radical message of the Heart Sutra one of Buddhism's most famous texts is a sweeping attack on everything we hold most dear our troubles the world as we know it even the teachings of the Buddha himself Several of the Buddha's followers are said to have suffered heart attacks and died when they first heard its assertion of the basic groundlessness of our existence hence the title of this book Overcoming fear the Buddha teaches is not to be accomplished by shutting down or building walls around oneself but instead by opening up to understand the illusory nature of everything we fear including ourselves In this book of teachings Karl Brunnholzl guides practitioners through this crazy sutra to the wisdom and compassion that lie at its core *A Tune Beyond the Clouds* J. C. Cleary,2001-04 This work focuses on the teachings of an outstanding Zen master of 13th century China Shiqi Xinyue Mind Moon of Stone River Stone River was a religious leader who served as the abbot of a number of major Zen temples and was honored by the imperial authorities as an eminent holy man Eternal Legacy / Wisdom Beyond Words Sangharakshita,2020-04-07 This volume includes *The Eternal Legacy* an introduction to the canonical literature of Buddhism and *Wisdom Beyond Words* a commentary on several Perfection of Wisdom texts **Wisdom Beyond Words** S. Sangharakshita,2006-01-01 It is all very well to expect Buddhism to be meaningful to where we are here and now but where is here and when is now Ever since the Buddha's lifetime people have been trying to express the ultimate meaning of Buddhism in a form that makes complete rational sense They are unique extraordinary teachings addressing the practical everyday concerns of Buddhists but in a way that can leave the rational mind spinning **Zen and the Heart of Psychotherapy** Robert Rosenbaum,2015-12-22 In the midst of our busy activity people often feel fragmented We experience conflicting demands from our work our personal relationships our families and our spiritual practice In this book the author a practicing psychotherapist explores the challenges and joys of making our life into a coherent whole Psychotherapy addresses a sense of fragmentation in an effort to help us be uniquely ourselves Zen Buddhist practice insists we find ourselves on every moment of our lives it speaks to the basic connectedness of all things This book attempts to integrate the two Each chapter examines some aspect of sewing together the practice of Zen with the realization of psychotherapy and its implications for daily life Though there is a logical progression to the chapters each chapter can be read on its own if the reader is interested in how a particular text might inform their psychotherapy or life circumstances Through the stories of his clients and his own difficulties and discoveries the author invites each reader to actualize the fundamental point to realize the joy and compassion that comes when we touch the basic ground of life and put it into play in our everyday activity *Beyond the Power of Now* L. Ron Gardner,2012-09 Eckhart Tolle is perhaps the most popular spiritual guru in the world His books have topped the New York

Times Bestseller List and his core teaching achievement of liberation via the power of Now has become the guiding light of the New Age movement But according to L Ron Gardner author of Beyond the Power of Now there is a problem a big problem with Tolle s core teaching Tolle never explains what exactly the power of Now is Is it the same thing as Hindu Shakti or the Buddhist Sambhogakaya or the Christian Holy Spirit Tolle doesn t say He continually refers to the Bible and Jesus in his book but shockingly never once mentions the Holy Spirit and how it relates to the Power of Now L Ron makes it clear that the true Power of Now is the Holy Spirit which is the same divine Light energy as Hindu Shakti and the Buddhist Sambhogakaya He explains and extolls the true power of Now and castigates Tolle for failing to identify and describe it To some Eckhart Tolle is a New Age visionary describing a new earth that can materialize if mankind en masse awakens to the power of Now But according to L Ron Gardner he is simply a histrionic ranter full of empty rhetoric Throughout this book L Ron continually points out from different angles the folly of Tolle s New or Now Age chimera and describes the social system that represents mankind s sociopolitical salvation Beyond Tolle s teaching about the power of Now and rhetoric about a new earth L Ron takes the renowned guru to task on virtually every subject he addresses Most significantly he rebuts his arguments that 1 emotions can be trusted more than thought 2 time is a mind created illusion 3 psychological time is insanity 4 the present moment is the Now 5 the inner body is the direct link to the Now 6 your cells stop aging when you live in the Now 7 women are spiritually more evolved than men and 8 animals such as ducks and cats are Zen masters Eckhart Tolle s teachings are replete with erroneous ideas and L Ron Gardner exposes the major flaws in his principal arguments while providing readers with integral solutions

Elaborations on Emptiness Donald S. Lopez, Jr., 2016-11-22 The Heart Sutra is perhaps the most famous Buddhist text traditionally regarded as a potent expression of emptiness and of the Buddha s perfect wisdom This brief seemingly simple work was the subject of more commentaries in Asia than any other sutra In Elaborations on Emptiness Donald Lopez explores for the first time the elaborate philosophical and ritual uses of the Heart Sutra in India Tibet and the West Included here are full translations of the eight extant Indian commentaries Interspersed with the translations are six essays that examine the unusual roles the Heart Sutra has played it has been used as a mantra an exorcism text a tantric meditation guide and as the material for comparative philosophy Taken together the translations and essays that form Elaborations on Emptiness demonstrate why commentary is as central to modern scholarship on Buddhism as it was for ancient Buddhists Lopez reveals unexpected points of instability and contradiction in the Heart Sutra which in the end turns out to be the most malleable of texts where the logic of commentary serves as a tool of both tradition and transgression

Gone Beyond (Volume 1) Karl Brunnholzl, 2011-07-16

The *Abhisamayalamkara* summarizes all the topics in the vast body of the *Prajnaparamita* Sutras. Resembling a zip file, it comes to life only through its Indian and Tibetan commentaries. Together, these texts not only discuss the hidden meaning of the *Prajnaparamita* Sutras, the paths and bhūmis of śrāvakas, pratyekabuddhas, and bodhisattvas, but also serve as contemplative manuals for the explicit topic of these sutras: emptiness, and how it is to be understood on the progressive levels of realization of bodhisattvas. Thus, these texts describe what happens in the mind of a bodhisattva who meditates on emptiness, making it a living experience from the beginner's stage up through buddhahood. *Gone Beyond* contains the first in-depth study of the *Abhisamayalamkara*, the text studied most extensively in higher Tibetan Buddhist education and its commentaries in the Kagyu School. This study in two volumes includes translations of Maitreya's famous text and its commentary by the Fifth Shamarpa, Goncho Yenla, the first translation ever of a complete commentary on the *Abhisamayalamkara* into English, which are supplemented by extensive excerpts from the commentaries by the Third, Seventh, and Eighth Karmapas and others. Thus, it closes a long-standing gap in the modern scholarship on the *Prajnaparamita* Sutras and the literature on paths and bhūmis in Mahayana Buddhism. The first volume presents an English translation of the first three chapters of the *Abhisamayalamkara* and its commentary by the Fifth Shamarpa. The second volume presents an English translation of the final five chapters and its commentary by the Fifth Shamarpa.
