The Hungry Grass Inanna Poetry And Fiction Series:

The Hungry Grass Anne Mary Murphy, 2014 This book tells a story that nobody knows because at the time the story happened nobody cared The individual lives of the labouring Irish were unrecorded irrelevant The Hungry Grass weaves the threads of daily routine annual cycles religious faith fairy belief communal practice and political reality to show as clear a picture as possible of the very complex life among tenant families in the nineteenth century The poet begins with the little she knows of her Murphy ancestors the names and birthdates of the six who survived to emigrate and the name of the parish where they lived I also knew from my triple great grandfathers obituary that two children did not survive This volume is one continuous poem that unfolds over the course of fifteen years It never falters in evoking its theme or in being focused and concise with impeccable word choices and unfailing echoing rhythm When employed the rhyming is subtle and musical The shape of thought which is a consistent seven syllable line with occasional variation of one or two syllables is masterful in its execution of sound and sense This is poetry that will show anyone who doubts it the continuing and necessary love of this craft this art
