*The Inner Circle, Inc. Presents Who Turned on John Or Yippie! Hippie!* Inner Circle, New York (Newspapermen's Club), 1968      **The Inner Circle** Julie Steimle, 2018-02-22 After generations of searching space they finally found a habitable world to live on only to discover that a dangerous alien race got to it first Catherine Bailey the daughter of Brigadier Bailey is betrothed to Lieutenant Charles Dubois a candidate for membership in the Inner Circle and a leader within society Her connection to the Inner Circle the exclusive governing body that manages their small society of survivors who were seeking a new life on a new planet is crucial to her happiness and success However the transition on the new world is not as easy as she had hoped The world seems to hold a dreadful secret To make a haven their soldiers had to clear the planet of hostile flesh eating plants and there are rumors of savages in the wild lands and alien beings on the sea Will the world ever be entirely their own Sequel to *The Race*      *The Inner Circle* Paul Waggener, 2018-12-31 Operation Werewolf spans continents but within it there is an ever developing set of shared concepts and group inspired verbiage and narrative One could say that we are building our own mythology This mythology as we have said in the past is not informed by historical occurrence as much as it is by other mythological forms and constructs Mythology is not rooted in fact but in a truth that exists outside of space and time it can be trusted because it is in a way like a machine Built from many small pieces with specific purpose and goals in mind but also rooted biologically and organically into the shadowy dawn of human existence finding its values in those things which have remained true for many people across many aeons or ages of this world One of my brothers in the Wolves said of our tribe it is not an organization it is an organism The profound nature of what he was saying applies here too I think Operation Werewolf breathes and grows according to the actions and deeds of those within it who make of themselves legends stories are told of these men and women around fires that are lit thousands of miles apart Epic journeys are undertaken so that these men and women can meet face to face Tattoos are applied ritually to commemorate the experience Blood is spilled Friendships and new brotherhoods are grown out of the soil of difficult action and long sojourn These experiences are there for the taking This mythology is alive for the shaping Will it be your actions that help it grow into a towering monolith or will you remain silently at home For some of you the few who take this idea and let it grow in your hearts until it becomes an undeniable urge I ll see you out there
