The Inner Journey Home:

The Inner Journey Home A. H. Almaas, 2004-04-27 What is the soul and how do we come to know it What is its journey in life and what stages and obstacles are encountered along the way These questions are explored here in detail according to the Diamond Approach a spiritual path that combines systematic inquiry into personal experience the practice of traditional spiritual methods and the application of modern psychological research The Inner Journey Home is the centerpiece of the Diamond Approach literature providing a complete overview of the teaching with references to the author's other books for more details on certain topics **Light Upon Light** Andrew Vidich, 2008-07-08 Light Upon Light is a book to touch the heart and awaken the spirit It takes the lives of some of the great spiritual masters of the last millennium from Rumi to twentieth century saint Darshan Singh and illuminates their inner quests More than simply biography Light Upon Light delves into their perceptions of the world the innermost workings of their minds and the life incidents that led them to enlightenment In this sense Light Upon Light is not about the spiritual path it is designed to take the reader and carry them into the spiritual path and perceive the wisdom of the masters from within While author Andrew Vidich PhD has exemplary academic credentials he writes from the heart and calls the reader to a direct experience a felt sense of the core of these masters' teachings He also emphasizes meditation as the universal constant taught by all masters and has provocative exercises in each chapter to stimulate self reflection contemplation and to give the reader experience of practical meditation techniques This is a book to be treasured by both long time spiritual students and those new to the great masters of the path

Pilgrim Heart Sarah York, 2001-04-02 In Pilgrim Heart The Inner Journey Home we see that pilgrimage is not just a literal journey or simply a spiritual metaphor but rather an inspiring path toward greater self understanding Whether sharing the experience of her own pilgrimages to Nepal Thailand and the Celtic island of Iona Scotland or recounting the stories of others' spiritual journeys Sarah York reveals to us how the cultural and physical discomforts of travel can lead to profound personal change Beyond the going forth that pilgrimage demands there is also the process of returning more at peace and at home with ourselves To be a pilgrim means to have our hearts open to the struggle of being human and to allow that struggle to change us no matter where our lives take us Meet Sarah York [Click here to see if Sarah York site](#) **The Inner Journey**

Home - Le Retour Intérieur Chez Soi Tome 1 A H Almaas, 2025-06-24 LEARNING HOW TO BE The work of A H ALMAAS since more than fifty years aims at diffusing the learning of how to be not only for medical and psychological professions Sixteen of his twenty four books have been already translated and published in French and we plan to publish them all in this bilingual collection We hope that in a future as near as possible these works will be part of the basic studies library of all human beings seeking to cultivate themselves of any doctor psychiatrist psychoanalyst psychologist therapist or coach We hope this because the efficacy of therapy is also proportional to the patient and therapist's openness of consciousness whatever the techniques and methods used A H Almaas still very little known in France in 2025 has been nicknamed the

Einstein of psychology and spiritual development for he renewed the field's paradigm as Einstein renewed the theoretical physics paradigm. A nuclear physicist, psychologist, psychoanalyst and founder of a psycho-spiritual school comprising of to date more than four thousand students and teachers in the USA, Canada, United Kingdom, Europe, Australia and Asia, he implements the study and practice of psychology and spirituality with the same precise scientific analysis as when analyzing the intimate physical components of matter. His method, the Diamond Approach, is based on the direct experience and exploration of common and expanded states of consciousness and uses the Enneagram as one of its tools. It is a cognitive psycho-spiritual approach allowing for a progressive understanding, then an expansion of consciousness from the extreme narrowness of pathological condition to the opening of ordinary consciousness to enlightened consciousness to universal consciousness. This book is the eighteenth publication of the Bilingual English-French Collection of the Diamond Approach. Original version in English: *The Inner Journey Home: Soul's Realization of the Unity of Reality*. French translation of Michel COSTELLE: *The Inner Journey Home: Le retour intérieur chez soi Tome 1 APPRENDRE A ETRE*. The work of A.H. ALMAAS, since more than fifty years, aims at diffusing the learning of how to be not only for medical and psychological professions. Sixteen of his twenty-four books have been already translated and published in French and we plan to publish them all in this bilingual collection. We hope that in a future as near as possible these works will be part of the basic studies library of all human beings seeking to cultivate themselves: any doctor, psychiatrist, psychoanalyst, psychologist, therapist or coach. We hope this

Brilliance A. H. Almaas, 2006-05-09 Intelligence is one of the defining characteristics of human beings an inherent ability to respond to the world with awareness knowledge learning and insight Most considerations of human intelligence are based on the notion that intelligence is a product of brain functioning A H Almaas introduces here a radically different viewpoint one that recognizes an actual quality of consciousness

as the source of intelligence He calls this source the Brilliancy of our true nature The presentation of his understanding of intelligence is followed by in depth dialogues with his students on the various barriers to recognizing and embodying this essential quality In particular an unresolved relationship with one s father is found to shape the experience of Brilliancy Using a Socratic method that draws upon techniques of body centered Gestalt psychodynamic and cognitive psychologies Almaas helps participants work through their defenses and conflicts surrounding this issue and then diverging from psychotherapeutic practice guides them in discovering their own Brilliancy

Life in the Psalms Patrick Woodhouse,2015-12-03 The Mowbray Lent Book for 2016 The Psalms lie at the heart of Jewish and Christian worship For thousands of years people in despair and praise have cried to God through the words of these ancient poems Fragments of them are still widely known and loved but such is the gulf between their ancient culture and our contemporary world that much of the depth of their meaning is lost to us Life in the Psalms aims to bridge that gulf enabling the modern reader to find hope in these ancient texts by re imagining their meanings for our times The Psalms include texts that illuminate issues including climate change and environmental degradation the illusions of consumerism and celebrity culture our response to migrants and asylum seekers conditions of depression anxiety and grief and the question of attention in a digital age Many texts take us deeply into the experience of meditation and contemplation and teach us how to wonder and find happiness Three introductory chapters are followed by reflections on thirty Psalms one for each weekday of Lent which aim to illuminate the text and help those in search of a more contemplative spirituality to discover in the midst of the hard realities of a secular twenty first century world a deep consciousness of the healing mystery of God *Fragments of a Love Story* Llewellyn Vaughan-Lee,2011-09-01 The mystical path is the most intoxicating and paradoxical difficult and even dangerous journey one can ever take Fragments of a Love Story is a series of personal writings describing the passionate love heartache and confusion that belong to this journey In particular Llewellyn Vaughan Lee explores what for him is a

central paradox what belongs to the individual the I who makes the journey and what belongs to God Whose journey really is it He discusses this primary mystical question from his own experiences of 40 years travelling the mystical path within the context of the Sufi tradition Some of these passages are very personal heartfelt full of contradictions and difficulties he has experienced Other passages are more objective more detached placing his experiences and questions clearly within this ancient mystical tradition In this way he shows how the Sufi path is lived today by a contemporary mystic Fragments of a Love Story takes the reader beneath the surface into the heart of the mystical relationship with the Divine which for the Sufi is the relationship of lover and Beloved He describes how this secret love affair is within the heart of each of us waiting to come alive unique to each of us and yet how confusing it can be especially for our rational Western consciousness This book is about the story of the soul and the passion that exists within the core of our being and how demanding and difficult it is to live this love affair But it also describes the beauty wonder and power of the divine love that awakens within the heart a love that is within each of us Llewellyn Vaughan Lee is a Sufi teacher and author and these writings come from his own experience of the Sufi path
