The Globalists And The Islamists:

The Globalists and the Islamists Peter Goodgame,2015-01-10 Over the past half century religion has been in decline in the Western part of the world and in most of the East as well Spirituality has been traded for materialism as living standards have increased and popular culture has become almost completely secular as well Why has the situation been different within the Middle East How come the Judeo Christian ethic has eroded but the Islamic ethic has experienced an apparent resurgence This study will try to explain how this situation is not something that has occurred by chance and it will offer evidence that militant Islam has been a card played by the global elites of the dominant Anglo American establishment to achieve the long term goal of a world government **Jew World Order , Why Did Yahweh and His Son Yahshuah Say What They Said?** Dr. Justin G. Prock,2020-05-07 YAHWEH The LORD God and His Son YAHSHUAH Jesus Christ made statements with regard to Eschatology that have been Spiritualized for over a Millennium which has led to the belief in Universalism the belief that YAHSHUAH died for EVERYONE Well after one studies the original languages of the Hebrew Aramaic and Greek the message of the Kingdom of God was preached to and accepted by a certain House in the Bible The other House rejected this message and YAHSHUAH punished that House by taking the Kingdom away from them and giving It to another nation bringing forth fruit There are only the House of Israel the House of Judah and the House of David mentioned in the Bible All three existed then as they do today However most of today s Babylonian Priesthood Churchianity refuses to accept the secular historical position with regard to the House of Israel and who they are today The people groups which YAHWEH and YAHSHUAH addressed still exist today However these people are all mixed up and known by different names but they DO exist This book goes back to the origin of these people groups in the Bible and brings them forward to the present using their old names in order to understand Eschatology This brings us to the major question of Is the Bible only about Israel And if so how does it affect our Eschatology today This book answers these hard questions *The New Political Islam* Emmanuel Karagiannis,2018-01-02 Islamist political parties and groups are on the rise throughout the Muslim world constituting a new political Islam that is global in scope and yet local in action Emmanuel Karagiannis explains how various Islamists have endorsed human rights democracy and justice to gain influence and mobilize supporters **The SHELL GAME** Paul Sofranac,2025-10-14 The Shell Game is more than a memoir it s a stark wake up call A vivid unflinching look at unseen forces the global chessboard and the dangerous games threatening our freedom Prepare to see the world through the eyes of a veteran behind the curtain and lift it **History of Saudi Arabia & Wahabism** Anwar Haroon,2014-04-02 At present the world views Muslims as terrorists and Islam a religion of tyranny especially after 9 11 Thereafter to my surprise the killing of Muslims right in the mosques and public places around the Muslim countries has become every day affair which I never heard in my life earlier While so many sects like Wahabi Qadiyani Bahai Ahmadi Parvezi and many others emerged in the course of past two hundred years through the efforts of Britain The most cruel and dangerous among them is Wahabi sect

formed by Muhammad bin Abdul Wahab Najdi of Saudi Arabia which declared whoever does not follow them among Muslims taking their lives property and their wives is permissible King Abdul Azeez Ibn e Saud formed armed group by name Ikhwan who mercilessly killed thousands of Muslims in Najad They killed even women children and old at Taif and throw their dead bodies on the hills They flattened the graves of the family of Holy Prophet and his companions in the grave yards of Makkah and Madinah I got serious in finding out the cause of this bloody change and I happened to read the book Tareekh Najad O Hijaz written in Urdu language The book also gives the details about Wahabism So I translated this book in English and named it History of Saudi Arabia and Wahabism The regime of Saudi Arabia is spending billions of dollars to spread Wahabism in Muslim countries as per http://en.wikipedia.org/wiki/Wahhabi_movement Holy Book Quran in the Verse 5 8 says in this regard O ye who believe Stand out firmly for God Almighty Allah as witnesses to fair dealing and let not the hatred of others to you make you swerve to wrong and depart from justice Be just that is next to piety and fear Allah For Allah is well acquainted with all that ye do May God Almighty Guide Muslims towards Straight Path and Salvation Amen *Black Terror White Soldiers* David Livingstone, 2013-06-16 Far too ignorant of the histories of the rest of the world being aware of only the accomplishments of Greece Rome and Europe Westerners have been made to believe that their societies represent the most superior examples of civilization However the Western value system stems from a misconception that as in nature human society too is evolving The idea derives from the hidden influence of secret societies who followed the belief in spiritual evolution of the Kabbalah which taught that history would attain its fulfillment when man would become God and make his own laws Therefore the infamous Illuminati gave its name to the Enlightenment of the eighteenth century which claimed that human progress must abandon superstition meaning Christianity in favor of reason Thus the Illuminati succeeded in bringing about the French and American revolutions which instituted the separation of Church and State and from that point forward the Western values of Humanism seen to include secularism human rights democracy and capitalism have been celebrated as the culmination of centuries of human intellectual evolution This is the basis of the propaganda which has been used to foster a Clash of Civilizations where the Islamic world is presented as stubbornly adhering to the anachronistic idea of theocracy Where once the spread of Christianity and civilizing the world were used as pretexts for colonization today a new White Man s Burden makes use of human rights and democracy to justify imperial aggression However because after centuries of decline the Islamic world is incapable of mobilizing a defense the Western powers as part of their age old strategy of Divide and Conquer have fostered the rise of Islamic fundamentalism to both serve as agent provocateurs and to malign the image of Islam These sects known to scholars as Revivalists opposed the traditions of classical Islamic scholarship in order to create the opportunity to rewrite the laws of the religion to better serve their sponsors Thus were created the Wahhabi and Salafi sects of Islam from which were derived the Muslim Brotherhood which has been in the service of the West ever since But the story of the development of these Islamic sects involves the bizarre doctrines and hidden networks of occult secret societies

being based on a Rosicrucian myth of Egyptian Freemasonry which see the Muslim radicals as inheritors of an ancient mystery tradition of the Middle East which was passed on to the Knights Templar during the Crusades thus forming the foundation of the legends of the Holy Grail These beliefs would not only form the cause for the association of Western intelligence agencies with Islamic fundamentalists but would fundamentally shape much of twentieth century history

The Conflict Within Islam Israr Hasan, 2011-12-23 This is not a book of history it does not claim to cover every aspect of Islam religion It confines itself to the search for the true mission of Islam and how that mission has been hijacked in the struggle of faith and power This is the story of contest between religion and politics where politics was made a sacrament and religion abused In describing this aspect the historical part naturally cannot be ignored This is not a book of religion either Since religion and politics overlap each other in this study theology and jurisprudence have their interplay also The conflict within Islam for the soul of Islam continues Will the struggle be resolved in the present and the foreseeable future Or will it make life more difficult for the faithful This book attempts to find the answers

The Globalization of World Politics John Baylis, Steve Smith, Patricia Owens, 2011 Now in its fifth edition this title has been fully revised and updated in the light of recent developments in world politics with new chapters on the changing nature of war human security and international ethics

The Missing Martyrs Charles Kurzman, 2019 In this startlingly counterintuitive book a leading authority on Islamic movements demonstrates that terrorist groups are thoroughly marginal in the Muslim world Charles Kurzman draws on government sources public opinion surveys election results and in depth interviews with Muslims in the Middle East and around the world finding that while young Muslims are indeed angry at the West they are simply not attracted to terrorist methods This revised edition updated to include the self proclaimed Islamic State concludes that fear of terrorism should be brought into alignment with the actual level of threat and that government policies and public opinion should be based on evidence rather than alarmist hyperbole

Michel Houellebecq, the Cassandra of Freedom ,2021-11-15 On 7 January 2015 the day of the murderous attack on the offices of the Paris satirical weekly Charlie Hebdo the cover of the current issue showed a drunken Michel Houellebecq in a wizard s cap making two prophecies In 2016 I will lose my teeth In 2022 I will observe Ramadan Houellebecq had previously described Islam as the stupidest of religions But on that day as terrorists sought to bring the justice of Islam to blasphemers for whom Michel Houellebecq was insufficiently anti Islamic Houellebecq s novel Submission depicting the democratic conquest of France by the Muslim Brotherhood was published by Flammarion In this collection an international cast of authorities on politics and literature discuss the meaning and unprecedented impact of Michel Houellebecq s Submission

Biblical Eschatology: Dr. Justin G. Prock,2021-06-20 In recent history men from a variety of backgrounds have come to the same conclusion that the Bible is about Israel only For example In 1861 John Mason Neale translated an ancient twelfth century Latin hymn and its title was O Come O Come Emmanuel Ever since 1861 Christians have sung that hymn at Christmas time especially at Advent Do you know what the words really mean that you are singing In 1878 Edward Hine wrote an article titled Seven Eighths of the Bible Misunderstood wherein he explains that seven eighths of the Bible is about national salvation i e the national salvation of True Israel whereas only one eighth of the Bible is about personal salvation Did you know that In the 1960 s Pastor Sheldon Emry wrote an article title An Open Letter to Any Minister Who Teaches the Jews Are Israel wherein he is of the opinion that the Israel that exists today since 1948 is not the True Israel of the Bible In 1998 Arnold E Kennedy wrote a book titled The Exclusiveness of Israel wherein he legally proves using the King James Version of the Bible that the Bible in general is only about True Israel So here we are in the Twenty First Century and the Gospel that is preached today is totally convoluted from that which was preached in the First Century A D by Yahshuah and His disciples i e the Gospel of the Kingdom So where did the so called churches and pastors go wrong By the way is there really a hierarchy in the Bible In order to find out what the truth really is we have to look at the original languages in which the Bible was written and then translated For example the Old Testament was written in Hebrew and Aramaic then translated into Greek The New Testament was written in Hebrew and Greek Both Testaments were put together and translated into Latin then German and finally into English from which the entire world received their own

translation of the Bible So what was the original meaning of the words used in the original languages i e the etymology of the words Once that is determined then we can go onto the next phase and discuss types in the Bible From there what is the Law of First Mention How should Bible prophecy be Interpreted Who are the keys to Bible prophecy Where are we in the Bible prophecy timeline During these discussions we will find out who Yahweh chose of all the families of the earth to make His own The churches teach universalism The question then becomes Who was Yahweh s Law given to What are the Laws of Yahweh And then the even bigger question becomes Who was Yahshuah sent to All of these questions and more will be answered as you read this book

Crisis, Movement, Management: Globalising Dynamics James Goodman,Jonathan Marshall,2016-05-23 Globalised neo liberalism has produced multiple crises social ecological political In the past crises of global order have generated large scale social transformations and the current crises likewise hold a transformative promise Social movements become a crucial barometer in signalling both the demise and rise of political formations and programs Elite strategies framed as crisis management create their own disordering side effects Experiments in movement strategy gain greater significance as do contending elite efforts at repressing managing or displacing the fall out In this book we investigate both movements and management in the face of crisis taking crisis and unanticipated consequences as a normal state of play The book enquires into the winners and losers from crisis and investigates the movement management nexus as it unfolds in particular localities as well as in broader contexts The book deals with some of the most pressing conflicts of our time and produces a range of theoretical insights the ubiquity of crisis is seen as not only a hallmark of social life but a way into a different kind of social analysis This book was published as a special issue of Globalizations

New World Empire William H. Thornton,2005 In New World Empire William H Thornton offers an alternative road map for America s relations with the Islamic world He cogently argues that neoglobalist policies adopted after 9 11 have pushed much of the Muslim world into the enemy camp Worse still the White House has redefined America in stark contrast to this phantom adversary The resulting new world empire fails to recognize that jihadist militants have their worst enemy in civil Islam Thornton sets forth a powerful case for salvaging this vital link between America and the world it has lost Visit our website for sample chapters
