The Grave Thief Dee

Hahn, 2022-03-01 A twelve year old grave thief gets caught up in a royal heist in this compelling middle grade fantasy in the vein of Kelley Armstrong's *A Royal Guide to Monster Slaying*. Twelve year old Spade is a grave thief. With his father and brother he digs up the recently deceased to steal jewels, the main form of trade in Wyndhail. Digging graves works for Spade alone in the graveyard at night; no one notices his limp or calls him names. He's headed for a lifetime of theft when his father comes up with the audacious plan to rob a grave in the Wyndhail castle cemetery. Spade and his brother get caught in a royal trap and Spade must find the master of the Woegan, a deadly creature that is stalking the castle by night. Along the way he meets Ember, the queen's niece, and together they race to solve the mystery of the legendary Deepstones and their connection to the Woegan, the queen, a missing king, and the mysterious pebble Spade finds in the Wyndhail cemetery. This is a fantastic story of friendship, bravery, grief, and acceptance.

The Myth of Post-Racialism in Television News Libby

Lewis, 2015-08-27 This book explores the written and unwritten requirements Black journalists face in their efforts to get and keep jobs in television news. Informed by interviews with journalists themselves, Lewis examines how raced Black journalists and their journalism organizations process their circumstances and choose to respond to the corporate and institutional constraints they face. She uncovers the social construction and attempted control of Blackness in news production and its subversion by Black journalists negotiating issues of objectivity, authority, voice, and appearance along sites of multiple differences of race, gender, and sexuality.

Reading Life with Gwich'in

Jan Peter Laurens Loovers, 2019-12-10 This book is based upon more than two years of ethnographic fieldwork and personal experiences with the Teet it Gwich'in community in northern Canada. The author provides insight into Gwich'in understandings of life as well as into historical and political processes that have taken place in the North. He outlines the development of an educational approach towards conducting ethnography and writing anthropological literature, starting with the premise you have to live it. The book focuses on ways of knowing and collaboration through learning and being taught by interlocutors. Building on the work of Tim Ingold, Loovers investigates the notion of reading life, land, water, and weather as well as texts and analyses the reading of texts as acts of conversations or correspondences.
