ago No one in their right mind would have guessed that Chaturbate would become the 28th most popular website in the US or that women in college would pay for their tuition by selling pics on a website called OnlyFans And good luck to any guy who calls a woman to ask her for a date instead of texting because she ll probably think he s a stalker Anyone who says Why would we need a new edition of a book on sex needs to throw away their flip phone and wake up Each new edition of the Guide to Getting It On has risen to the challenge of helping young adults negotiate an ever changing landscape of sex and relationships and the new 10th edition is no different Today s young adults are the first generation who began watching the most explicit porn in history on their phones in Middle School They have very different expectations and needs from a book on sex today than when the first edition of The Guide was published more than twenty five years ago and was praised as one of the best books on sex ever written At a time when YouTube has become the source of all wisdom the 10th edition of the Guide To Getting It On remains the one book on sex that people still want to buy read and share with a partner And for readers who value videos several chapters of the 10th edition have links to videos that were made to go with the book
